

Ripple Maker

By Nosov S.
And Magerramov
V.

- With the Ripple Maker you'll turn ordinary coffee into an extraordinary experience. Using patented printing technology, the machine creates inspiring Ripples from any image or text atop the foam layer of coffee beverages.

instruction for use

- Make a foam-topped coffee drink by your usual methods. Place the cup on the machine, select an image from the extensive content library or approve your customer's created design. Your Ripple prints in just seconds. Give your drink the perfect finishing touch.
