introducing

Learning strategies

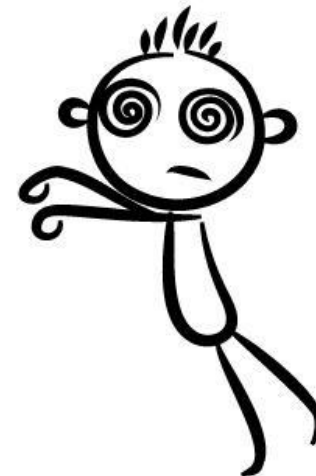

A good learner...

believes in
regular practice

A bad learner...

believes in magic
and hypnosis

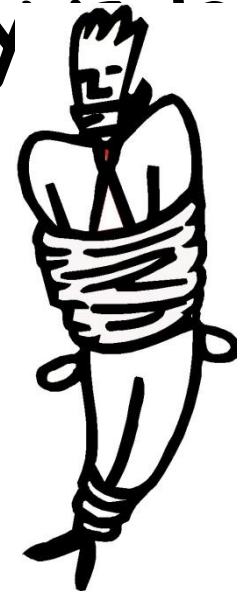

A good learner...

Is ready to
experiment

A bad learner...

Is
restricted
by...s

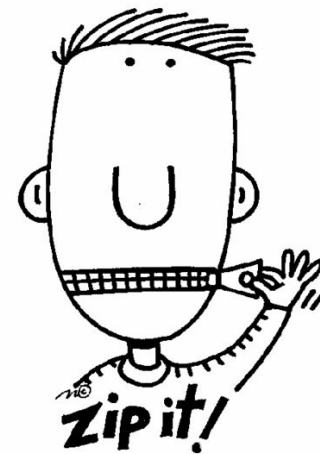

A good learner...

guesses
willingly and
accurately

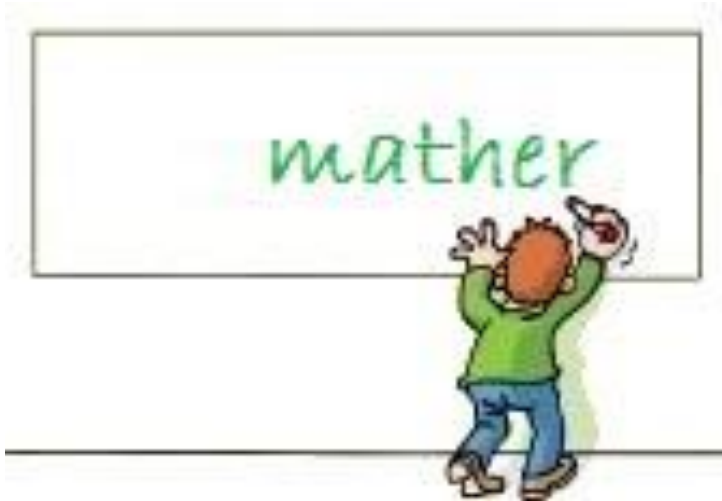

A bad learner...

keeps his mouth
shut unless he's
completely sure

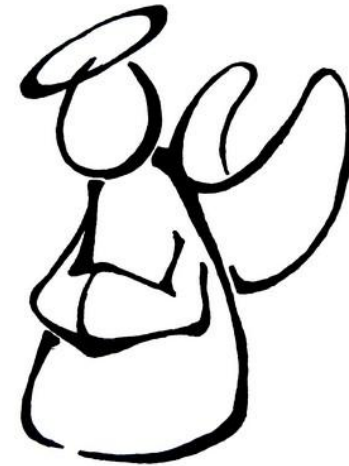

A good learner...

makes
mistakes

A bad learner...

wants to
be
perfect

A good learner...

gets a message
across no
matter what

A bad learner...

gets brain-dead
if some
knowledge is
looking

A good learner...

makes use of
good models

A bad learner...

ignores good
models

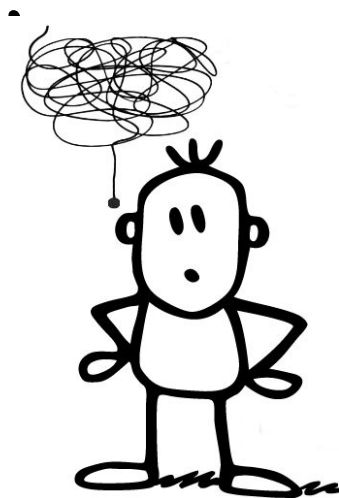

A good learner...

looks for
patterns

A bad learner...

sees
random

A good learner...

develops own
learning
strategies

A bad learner...

follows old
patterns

A good learner...

enjoys learning

A bad learner...

hates learning

A good learner...

has a
positive self

A bad learner...

doesn't
believe in
himself
