Contents:

1. What is a Stock Market?

2. What is the Stock Market Forex?

3. How to make money in the Forex?

Stock Market - a special institution where commercial transactions take place.

The main task of Stock Market includes trading on a regular basis, with the same rules for all the participants.

Depending on the assets traded Stock Market is divided into:

▣ **Commodity.** The subject of trade is a particular product (eg, oil or gold or cocoa).

▣ **Stock(equity).** In these exchange markets they buy and sell property (assets of companies) -- stocks, bonds, contracts (futures).

• **Currency market.** Here goods are the money itself. To specify money contracts.

Forex is a Currency Exchange.

**Forex is a place where
we will make a profit.**

**Forex Stock Market is the
exchange of currency.**

THE MAIN DIFFERENCES OF FOREX AND STOCK MARKET:

The Stock Market is active only a few hours a day and you cannot make transactions simultaneously at several Stock Markets.

You can trade currency 24 hours a day at several markets, and you do not need to worry about where and when you make money.

Transactions in can be:

- Trade
- Speculative
- Hedging
- Regulated.

Key points of Forex:

- 1. It has no specific place of trade.**
- 2. Forex market is the largest, because money is the main and single goods.**
- 3. Forex market functions 24 hours per day.**

Key points of Forex:

4.Forex Exchange does not limit the possibility of speculators.

5.Market Forex - is the interbank foreign exchange market. It creates a network of large international banks, which carry out currency exchange.

Scheme market trade:

1. Creating a cell of bank
2. Initial investment is 50-100 dollars

3. Exchange Rates
4. Sale of money
5. To profit by sale

It's

important!!!

And you can start trading in a few minutes, at first, be sure to do the homework.

It is convenient to use the accounts for the practice. There you can trade with virtual money in real time, taking into account all the actual prices, schedules and so on.

- ❑ Do not invest a lot from the beginning, start with a smaller.
- ❑ Before you invest real money, it is recommended to practice on a demo account.
- ❑ Never take a decision by
