#### How many people live in the EU?

# Population in millions (2015) 508 million in total

#### The European economy: stronger together

# 2008: Worldwide financial crisis starts in the United States. Coordinated response from European leaders:

- Commitment to the euro and to financial stability

European Stability Mechanism: fund to help countries in extraordinary economic difficulties

New laws for stability of banks

Banking Union: EU-wide supervision of banks and a mechanism to close down failing banks

#### Better economic governance:

European Semester: annual procedure to coordinate public budgets

Euro+ pact, 'Fiscal compact treaty': mutual commitments to sound public finances

#### Ten priorities for Europe

# The European Commission of President Jean-Claude Juncker focuses on:

The investment plan: a new boost for jobs, growth and investment

A connected digital single market

A resilient energy union with a forward-looking climate change policy

A deeper and fairer internal market with stronger industries

A deeper and fairer economic and monetary union

A reasonable and balanced free trade agreement with the United States

An area of justice and fundamental rights based on mutual trust

A new policy on migration

Europe as a stronger global actor

A European Union of democratic change

#### An investment plan for Europe

#### The European Fund for Strategic Investments

- •2015: Europe's economy begins to recover after the crisis, but the level of investment is still low. Investors have money, but little confidence
- •New EU fund from mid-2015
- •The fund starts with € 21 billion from EU sources
- •Investments are made in viable business projects, for example in digital and energy infrastructure, transport, small businesses, green projects and innovation
- •Multiplier effect: public money will trigger private investors to follow suit, with up to € 315 billion
- •Could create 1.3 million new jobs over three years

#### Banking union: safe and reliable banks

#### Rulebook:

New laws to ensure that banks have adequate capital and better risk control

#### • Supervision:

The European Central Bank supervises the +/- 130 of the most important banks

National bank supervisors work closely together

#### Resolution:

A Europe-wide Single Resolution Board can decide to wind down a failing bank

This is backed by a fund that banks themselves pay into, thus ensuring that taxpayers do not have to pick up the bill.
