

# MY FAMILY

# MOTHER

My mom's name is Julia. She is not only my mother, but also my best friend. Honestly, so I perceive it. When I was little, she left for Spain, so we rarely saw her. She often comes home, but does not like to sit in one place for a long time. I really value communicating with her. She is the closest and dearest person in my life. Mom will always help me and tell me, even if she is far away.

# DAD

His name is Jose . My dad was born and raised in Spain. He loves me very much, although we rarely go together because of the distance. I can always rely on him and ask for help. When I come to him, he takes me to the outskirts of his city and shows me many interesting places. Every time I go with special joy to him.

# GRANDMOTHER

- ◉ My grandmother loves to knit and cross stitch. He simply adores plants. I love her very much, because she is one of the people dearest to me.

# GRANDFATHER

- ◉ My dear man who loves me very much. A person to whom I can always tell everything. Always give advice and support.

# PLATON

The oldest of our animals. This cat has been with me all my school life. He loves me very much. He is for us all, as part of the family.

# HERMES

Our beloved dog that we all adore.  
And he loves us doubly. Loves to play and have fun. On the street exclusively runs. Very affectionate and devoted, always protect. A true friend of man.

# ANDIN

- ◉ Our youngest cat. We brought him from Spain. We have it wild, got right from under the palm trees. Very smart, but has a harmful character. He likes to rake things from the closet, topple plants, tear books and much more. However, he loves us all very much. And yet, it is impossible to shoot on camera.
