

*Лего-конструирование.
Халк.*

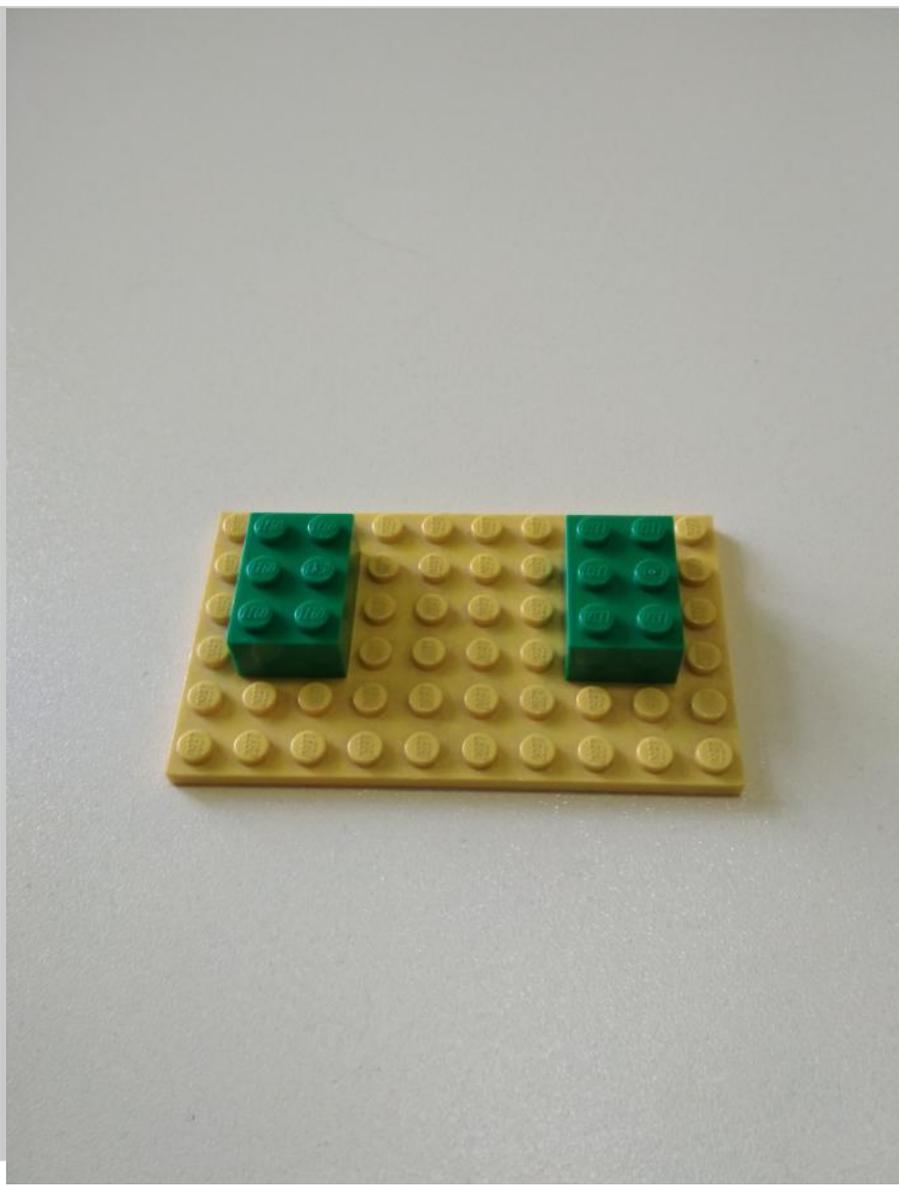

Необходимые материалы и условия работы

- Для конструирования необходимы кубики конструктора Лего разных размеров.
- Для данной модели нам понадобятся кубики четырёх цветов: зелёного, белого, чёрного и фиолетового. Также пластинка жёлтого цвета, размер 6X10
- Конструировать нужно на ровной поверхности (лучше всего это делать за столом).
- В помещении должно быть хорошее освещение.
