The text

Books are one of the greatest wonders in the world. Are so many people fond of reading? The world of books is full of wonders. You and characters of book can find yourselves in different countries and have a lot of adventures. "Books and friends should be few but good," says an English proverb. "Except a living man there is nothing more wonderful than a book! They teach us and open their hearts to us as brothers," wrote Charles Kingsley, an English writer of the 19th century. The book is certainly one of the greatest human inventions. It is a friend and a teacher. We learn many things by reading books. Books teach people to live. After reading some books it is easy to understand what should be done and what must not be done. One can learn a lot by reading

We can distinguish books between three classes of them.

Firstly, books on different branches of knowledge, works by brilliant minds of mankind. Secondly, textbooks, reference books and numerous dictionaries. And at last, books of all kinds and genres to read at leisure.

Classics should be taken a little at a time. One's understanding of books by Tolstoy and Dostoyevsky, Mopassan and Balzak depends on one's age and experience.

Serious books are to be read conscientiously and maybe more than once. To a thinking reader they will provide new food for thought every time he rereads it. Many people indulge in reading science fiction, fantasy or detective stories. Of course, there are some advantages and disadvantages of this kind of literature, often referred to as «easy reading».

As for me, good science fiction and fantasy develop imagination, logical thinking, broader one's outlook.

The same could be said in favour of detective stories. They reveal such minute details of everyday life in this or that particular country that are of greatest interest for a curious reader. The masterpieces of this genre by Sir Arthur Conan Doyle, Agatha Christie and others, show the depths of psychological analysis, the insight into the human nature.

As for me, I prefer fantasy and Yourth Novel My favorite book is «The fault in our stars» by Gohn Green. This book is about two young people, who have cancer and try to survive for a maximum time. When they are together, they forget about all they problems but terrible sick doesn`t allow them to live a full life. But when it seemed, that the cancer is removed. Augustus died.

«HOW WE WOULD KNOW THE JOY WITHOUT PAIN?!» THAT`S A MAIN TAGLINE OF THIS WONDERFUL STORY. IT IS VERY THOUGHTFULLY. JOHN GREEN MAKES US FEEL INCREDIBLE EMOTIONS WITH BOOK HEROES. WORRY ABOUT THEM. SADNESS AND FALL IN LOVE WITH THEM THIS BOOK IS GREAT AND LOVED BY THOUSANDS OF PEOPLE.
