Assessment Self-presentation

<Discipline name> <Level>

<Candidate name>

<Month><Year>

Introduction - Who I am

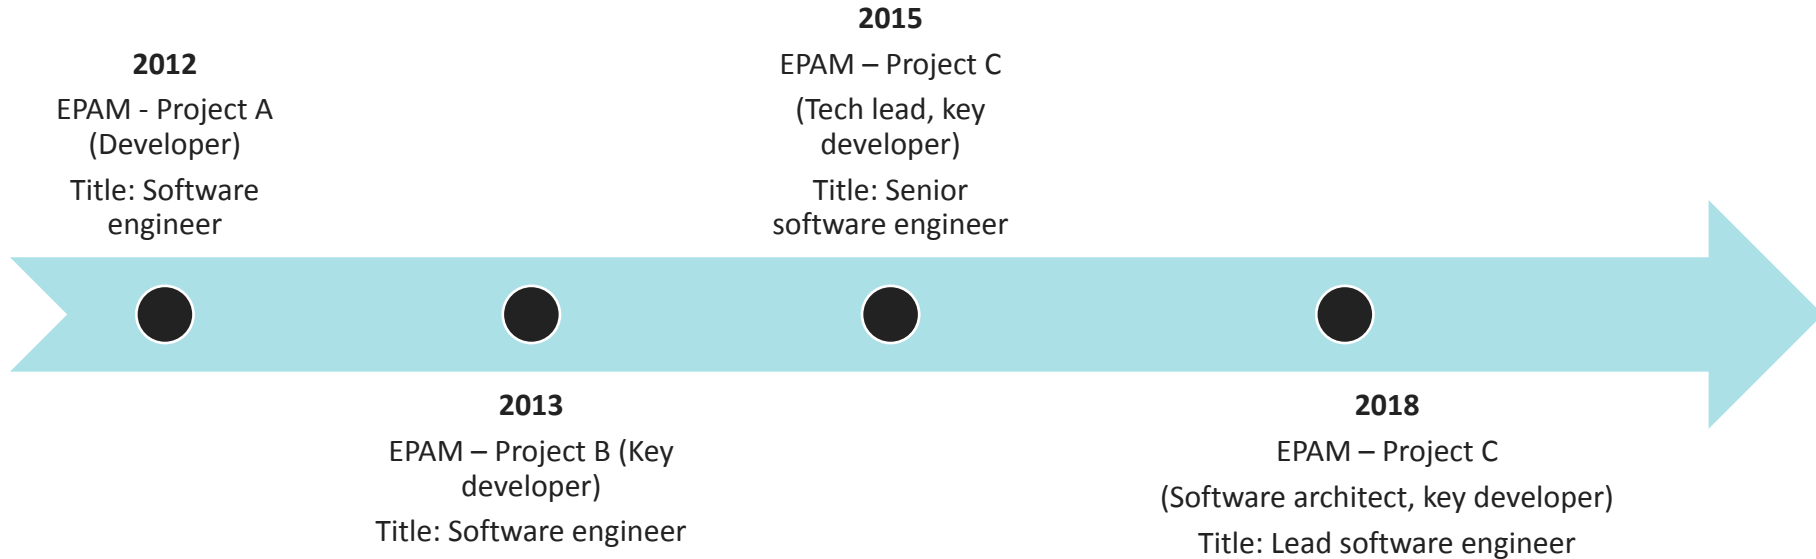

Note: Please try to fit all information into 1-2 slides

- **Current title** - please provide information regarding your current title (e.g. software engineer, project manager etc.).
- **Current roles** – please provide information regarding your current role(s) on project(s) and within the organization more specific than in UPSA(e.g. Delivery lead for XYZ account, technical or team lead on XYZ project, developer or key developer on XYZ project etc.) and short description of your role.
- **Key skills** – please list your key skills/competencies, try to mention the most relevant to your target Job function and level.
- **Certificates/Educational programs** – please provide a list of your certificates/completed trainings if any (e.g. PMP, Azure DevOps Engineer Expert, MCSA etc.) that are relevant to your target Job function and level.

Working experience/career path

Note: Please try to fit all information into 1-2 slides

Please describe your working experience with key assignments, title changes including experience outside EPAM as well. Please use a timeline. You can use a smart art object or any other approach at your discretion. Below is an example.

Contribution to projects and your achievements

Note: Please try to fit all information into 1-3 slides

Please describe your contribution to projects (program/account/practice or other what is relevant to your work). You should mention the most recent and relevant facts.

- Please describe what challenges did You have and how they were solved/completed
- If possible, please use relevant KPIs and metrics to measure your result

Example:

- **Project X:** Rewrote (reverse engineered) legacy code of the widgets to es6 with modules and component-based approach to be more maintainable and robust for the further development

Contribution to EPAM and non-project activities

Note: Please try to fit all information into 1 slide

Please describe your non-project activities, contribution to EPAM development

- Example: Participation in mentoring program as a mentor
- Example: Speaker on XYZ conference in 2018
- Example: Contributor to XYZ course
- Example: Conducted tech-talks in local and global communities

EPAM Badges

Note: Optional. Please try to fit all information into 1 slide

Please mention all important EPAM badges (from your point of view) with text comments to them.
