Matt's hobby is traveling . He visited many countries
and saw many sights . Also with him occurred various
situations .

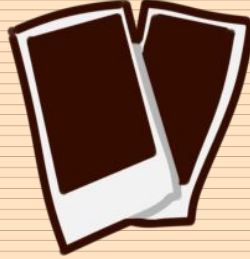

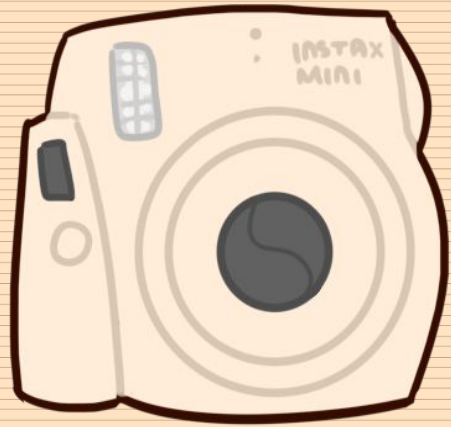

I will tell you some of them, but before that we'll talk
about what Matthew always takes with him on
traveling .

[1] Money : Matthew often buy snacks or water , and he also needs to pay for something .

[2] Bottle of water : Matt's sometimes visit hot countries , so he always carries a bottle of water with him to cool off .

[3] First-aid kit : This is really important thing in traveling .

[4] Polaroid camera : Matthew likes to capture beautiful landscapes and just inspirational things .

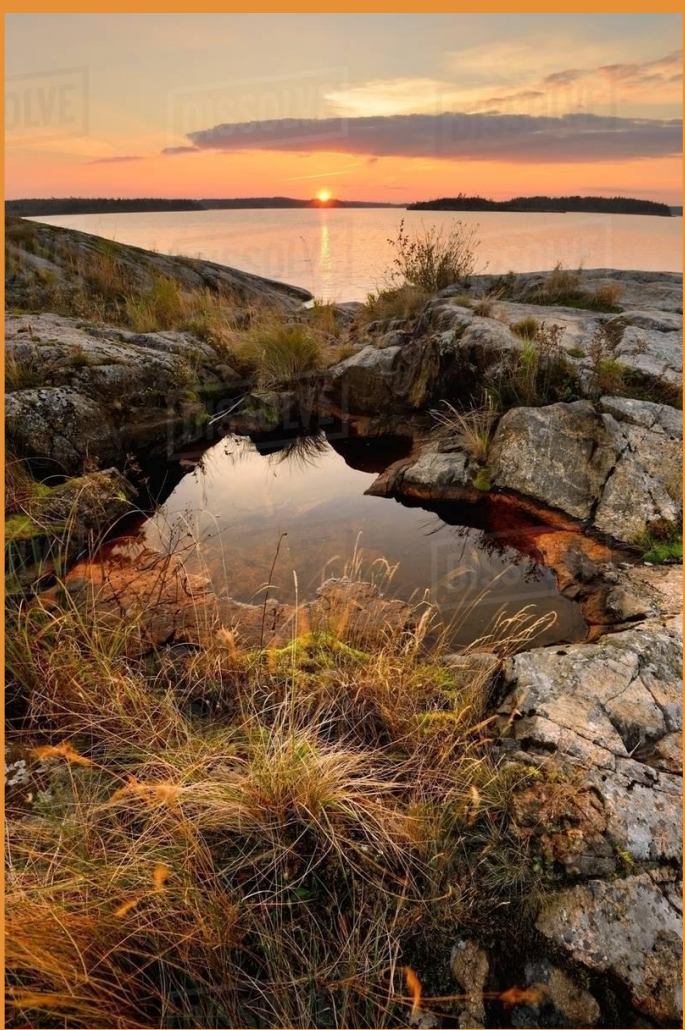

[5] Phone : Phone is another important thing in traveling . For example , if Matt needs to contact with his family or friends , he will use phone .

Matthew arrived at the hotel, which he had found in advance .
"Room for one, please" said the tourist and smiled.
"Yes, of course. It costs \$16" . The guy gave the money, took the key and went to his room .

" Well , I need to be more careful " said Matthew and put a bandage on a wounded knee .

" Oh . that's so hot " said Matthew and opened bottle of water . He took a few sips , closed the bottle and continued his walk

Matthew looked at the picturesque landscapes for a long time . After a while he took out a polaroid camera and took some pictures of Lakes of Karelia .

“ Matthew , I miss you so much ! “ cried his sister .

“ Me too , Mary “ smiled tourist , heard a native voice . “ Also there is very beautiful . You’ll have to look at the pictures I took here “
