Всегда за Perfect отвечает глагол в 3 форме или с окончанием -ed, если он правильный.

Глагол в 3 форме один не может гулять, иначе это другая часть речи. Он берет с собой подружку to have. Формула для всех Perfect - to have+V3

Поскольку у нас ДВА глагола в сказуемом, нам есть с чем работать. Нам есть, куда поставить частицу not и кого перекинуть для образования вопроса.

Read Tom's diary entry. Answer the questions below.

Dear Diary,

I've been here for two weeks and I'm amazed at how much fun I'm having at Sunshine Teen Camp.

It's such an exciting place. I can't wait to tell my friends about all the activities I've tried. I've been hiking, rafting and horse-riding. I have also learned about painting and video game design. The coolest thing I've learned so far is how to develop survival skills.

I've taken some fantastic photos. The camp leaders and some of the other campers have asked me to email some to them. The view from the top of the mountain is the most breathtaking sight I've ever seen.

The only problem is that Sunday is my last day at the camp and I haven't made a tree house yet. You need a lifetime to do all the activities here! I haven't gone fishing either, but I have had a fantastic picnic by the lake.

That's all for today.

- 2 Tom hasn't been rafting yet.
