Veterinarian-a doctor for animals

A veterinary physician, colloquially called a vet, is a professional who practices veterinary medicine by treating disease, disorder, and injury in animals.

Veterinarian-a doctor for animals

The vet works with different animals : horses, cattle, rodents, cats, dogs, birds, etc.

Veterinarian-a doctor for animals

Veterinary doctors work:

- in the veterinary clinics;
- in veterinary stations;
- in zoos;
- enterprises for the breeding of agricultural animals and birds;
- in the control points of products and raw materials of animal origin;
- in kennels for dogs , etc.

Treat for animals sincerely and they will trust you.

A good vet is not enough to love animals, he should respect them
