Our Vision

Value for money

- Fresh produce
- Certified compliance with environmental standards
- Bypassing “middleman” distributors
- Better trading conditions and long lasting sustainability

Hands-on

- As growers, we manage with a full understanding of agriculture
- Keeping all operations clean and simple
- Work is done seamlessly and efficiently.

A spirit of cooperation

- Empowering the land, the people and society,
- Growing healthy partnerships
- Delivering quality, reliability and good value to customers all over the globe

Galilee Export Growers

- Focus on farmers as the heart and soul of the company
- Many growers throughout the region, subscribing to our vision, market through us thus enriching our offering & strengthening the brand worldwide

Quality Assurance

- **Top priority:** to market fresh & healthy products of the highest quality
- Meet and exceed safe produce standards with each product lab-tested under strict pesticide residue and post-harvest treatment risk analysis
- Employ attentive, experienced professionals & advanced technologies, maintaining full transparency with our growers & customers
- Carefully selected growers that meet the highest standards of GLOBAL G.A.P., EUREP G.A.P. and other.
- Extensive training (HACCP, food safety & hygiene) & frequent reviews to ensure excellent quality & compliance with strict standards.

Logistics (1/2)

- Involved at every point of the entire supply chain
- Planning and production
- Packing, transportation,
- Inventory management and tracing of shipments
- Optimizing the means of transportation, available on time, at the lowest possible cost

Logistics (2/2)

- Innovative, reliable and professional solutions
- Ensuring a cost-effective supply chain
 - Air, ocean, or inland trucking services
 - “direct from the field”
- Global contracts with all shipping lines
