# **Theoretical and legal aspects of the formation and development of the Chaplaincy Institute: international experience and Ukrainian realities**

- The dissertation deals with the interaction of Ukrainian state (represented by the Ministry of Defense of Ukraine) and the Church (religious organizations) in the area of freedom of conscience and religion in Ukraine.

- 
- Detailed analysis of the formation of an effective legal mechanism for cooperation between the state and various religious denominations, including religious organizations in the formation of a democratic civil society.

- Also the analysis of international instruments, laws of Ukraine, which was formed during the years of independence in terms of providing pastoral care of the Church (religious organizations) of the Armed Forces of Ukraine.

- The study found that the Ukrainian state legal mechanism gradually formed government in Ukraine interoperability and the Church (religious organizations) on the exercise of freedom of conscience and religion.

- 
- Currently there are significant developments in legislation in this area, at sub-legal acts. The formation of the regulatory framework continues.
