The delivery effects in accordance with a pre-confirmed date and the stated quality to all regions of Russia and CIS countries.

Our company cooperates with the largest enterprises and offers consistently best prices and deliveries of products at any amount.

CEREALS

The company "Rubin-15" has a wide range of cereals:

Pearl barley

It is produced from barley grain using the methods of primary processing. In addition, pearl barley undergoes a six-time pearling in order to make it quick-cooking.

GOST 5784-60

Packaging: 50 kg polypropylene bag

Polished split pea

Split pea is made from regular peas. The outer hull of the pea is removed, and then it is split into two parts in order to quicken the process of cooking.

GOST 6201-68

Packaging: 50 kg polypropylene bag

Buckwheat

Buckwheat is produced from Saracen corn.

Buckwheat contains eighteen essential amino acids, phosphorus, copper, iodine, zinc, boron, fluorine, molybdenum, cobalt, and vitamins B1, B2, B9 (folic acid), PP, vitamin E.

GOST R 55290-2012

Packaging: 50 kg polypropylene bag

Pot Barley

Pot barley grains contain vitamin A, which beneficially impacts on eyes and skin. It is also an excellent source of vitamin D needed for calcium absorption. The vitamin B content in pot barley prevents from having problems with the nervous system and improves the process of hematopoiesis. And vitamin E is a great antioxidant, which slows the aging process.

GOST 5784-60

Millet

Millet is a cereal which is obtained from the switch grass, an annual plant of the grain varieties family. Among other cereals, millet is the least allergenic: it is recommended for kids and retired people. This cereal is a rich source of vitamin B and amino acids which is essential for growth of brain cells.

GOST 572-60

Oatmeal

Oatmeal is made of crushed oat groats, cereal, which grows almost everywhere. Phytalbumin, starch, vitamins and microelements, contained in oatmeal, are irreplaceable for the healthy diet.

GOST 21149-93

Polished Rice 1 grade GOST

Polished rice goes through pearling, has a rough surface.

GOST 6292-93

Rice "KAMOLINO"

Thanks to the preprocessing with the oil, rice "Kamolino" obtains nice pearl color, unique taste and flavor and enriches with various nutrients. Unlike other short-grain types of rice, "Kamolino" does not stick together when cooked and turns slightly sticky and tasty.

GOST 6292-93

Ground Rice TU (technical standards)

Ground rice is a mix of pearled (white) and polished rice. It represents the pieces of the rice endosperm less than 2/3 of its size, not passing through a sieve with a hole diameter of 1.5 mm.

FLOUR

Our company has a wide range of flour with different ingredients, components and of different types of producing.

We effect the delivery of flour to any region of Russia.

Wheat flour

Storage life 12 months. There are 6 types of wheat baking flour in Russia: extra, premium, granular, first-quality, households, wholemeal

Wheat flour (GOST R 52189-2003): - premium, first-quality, households, wholemeal.

The main differences are: the amount of flour obtained from 100 kg of grain, product color product, flour ash content, fraction size, and pollard and amount of gluten.

RYE FLOUR

Rye flour is produced from three types: patent (or white), bread and wholemeal flour. It's used for baking the rye bread. Due to the very low content of gluten, they add wheat flour in different proportions.

Rye flour (GOST R 52809-2007): - patent (or white), bread and wholemeal.

Cornflour

Whole grain cornflour is a wonderful additive to the bakery food, flavoring it with a pleasant taste.

Thanks to the slow carbohydrates content in the cornflour, you can easily defeat hunger for long.

GOST 14176-69

Rice flour

Rice flour made of the Kuban rice is a natural and safe ingredient for the food industry and baby food.

Rice flour contains a large amount of phytalbumin full of amino acids, vitamins PP, B1, B2, Biotin, mineral elements (zinc, potassium, magnesium, calcium, iron, selenium, sodium, manganese, phosphorus), easy digestible starch, mono - and disaccharides, fiber, saturates, and antioxidants.
