Political Parties

Political Parties first emerged in Britain at the end of the 17th century. The Conservative and Liberal Parties are the oldest and until the end of the 19th century they were the only parties elected to the House of Commons. The main British political groupings are the Conservative and Labour Parties and the Party of Liberal Democrats.

The Conservative Party is the present ruling party, the Labour Party—the opposition to the Conservative — and the party of Liberal Democrats is called 'conservatively oriented'. The Social Democratic Party was formed in 1981 and made an alliance with the Liberal Party in 1988.

Conservatives

There are also some other parties: the Scottish National and Welsh Nationalist Parties, the Communist Party of Britain and the Communist Party of Great Britain.

Because of the electoral method in use, only two major parties obtain seats in the House of Commons. People belonging to smaller political parties join one of the larger parties and work from within to make their influence felt.

The exceptions to this are members of the Scottish National and Welsh Nationalist Parties, who, because their votes are concentrated in specific geographical areas, can manage to win seats although their total support is relatively small.
