# Text

People all over the world are fond of sports and games. Sport makes people healthy, keeps them fit, more organized and better disciplined. Some people go in for sports grounds, swimming pools, fields in each town

Practically all kinds of sports are popular in this country, but football, figure skating and tennis enjoy the greatest popularity. A lot of people are fond of jogging. In the morning and in the evening we can see people jogging in the parks, stadiums and even in the streets. In every school pupils spend much time going in for sports. First of all they have their physical training lessons. And after classes they may train different kinds of sport at different sports clubs and sections.

Professional sport is also paid much attention to in this country. Every year there are a lot of sports competitions, sports days and Olympiads. Once in four years the Olympic Games take place in different countries. There are Summer and Winter Olympic Games. This is a great sports competition of the best sportsmen in the world.

As for me I go in for table tennis. It needs mobility, liveliness and much energy. It keeps a person in a good form. I have been playing tennis for five years, but the more I play the more I like it.
