- ◎ High intelligence;
- ◎ Endurance;
- ◎ Responsibility;
- ◎ Care

My qualities

- ◎ Purposefulness;
- ◎ Competence;
- ◎ Vigilance;
- ◎ High intelligence;

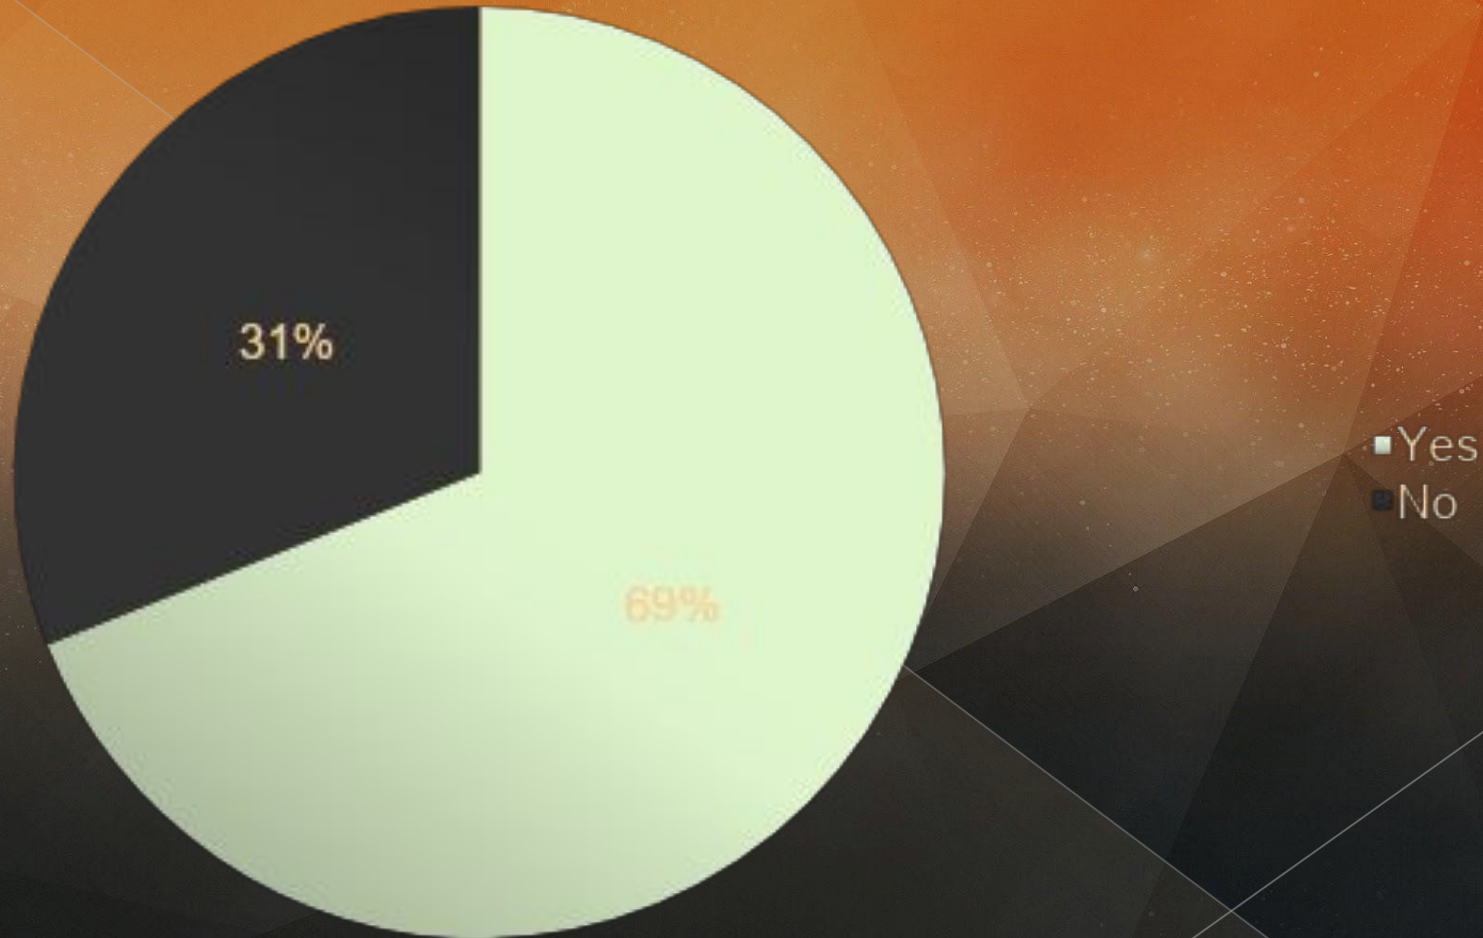

Questionnaire

I distributed the questionnaire among the 18-20 aged students of my group:

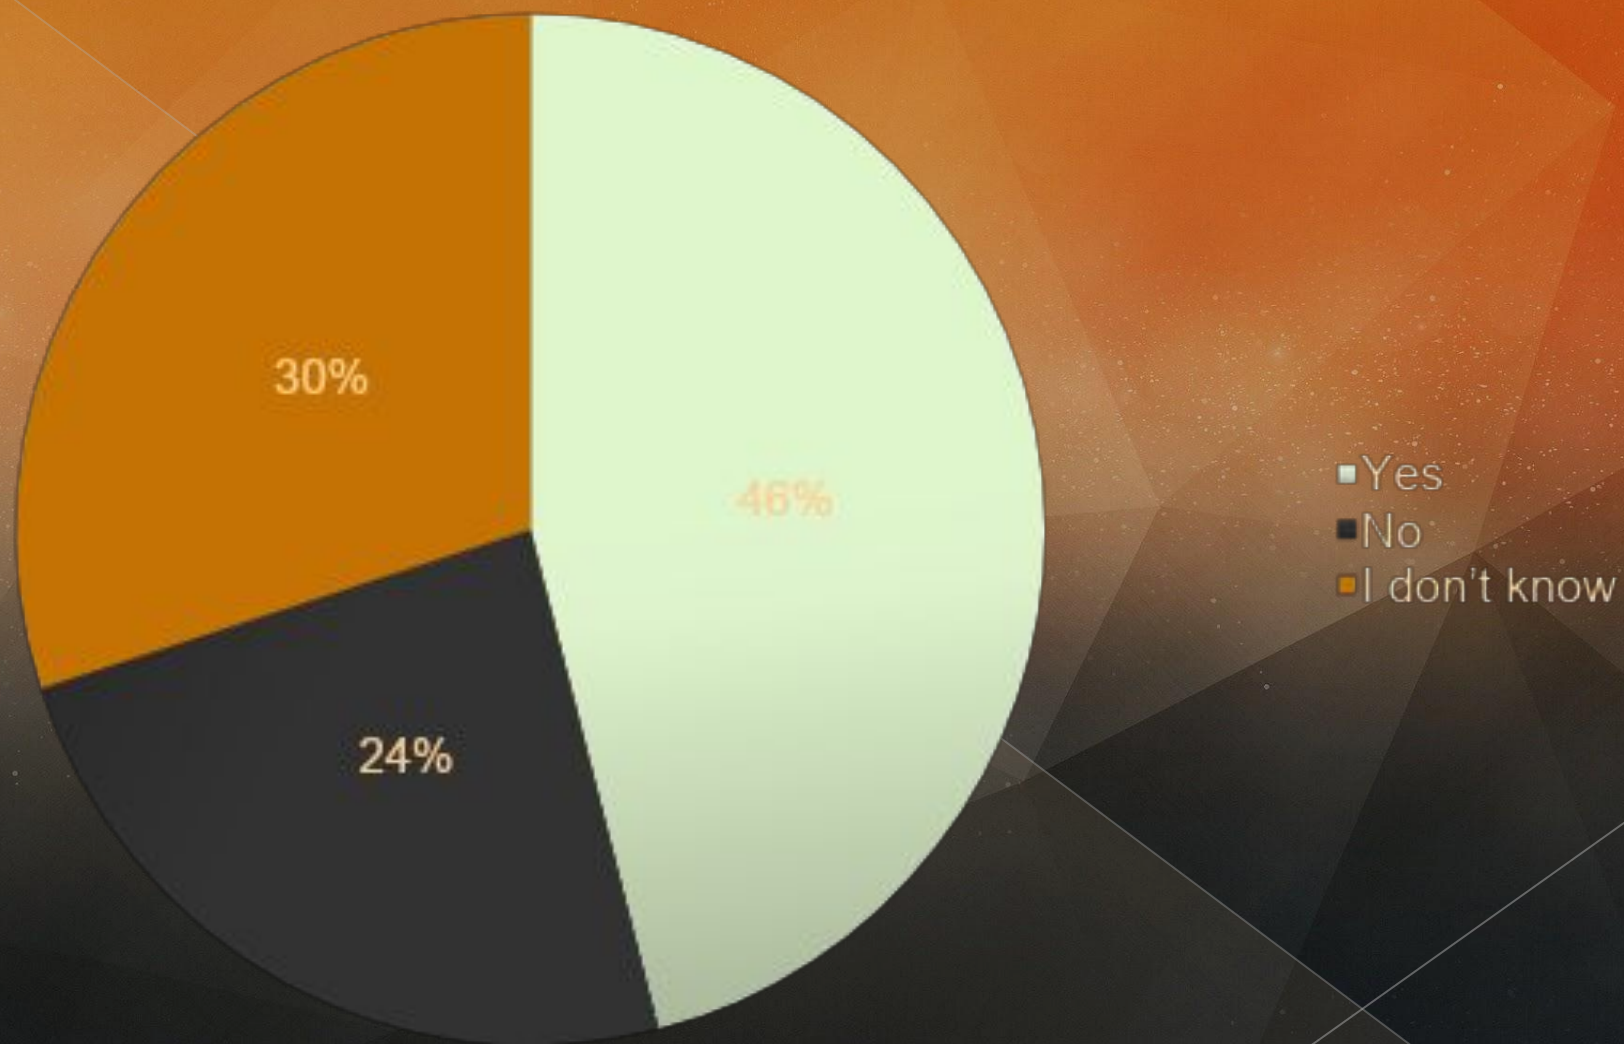

1. Do you like the profession of automechanic?
2. Do you think the profession of an automechanic is demand in modern life?
3. Would you like to continue further education?
4. Are you going to work in this profession?
5. If you have a car, do you use the car service?

Do you like the profession of automechanic?

Diagnostics: most of respondents chose this profession consciously

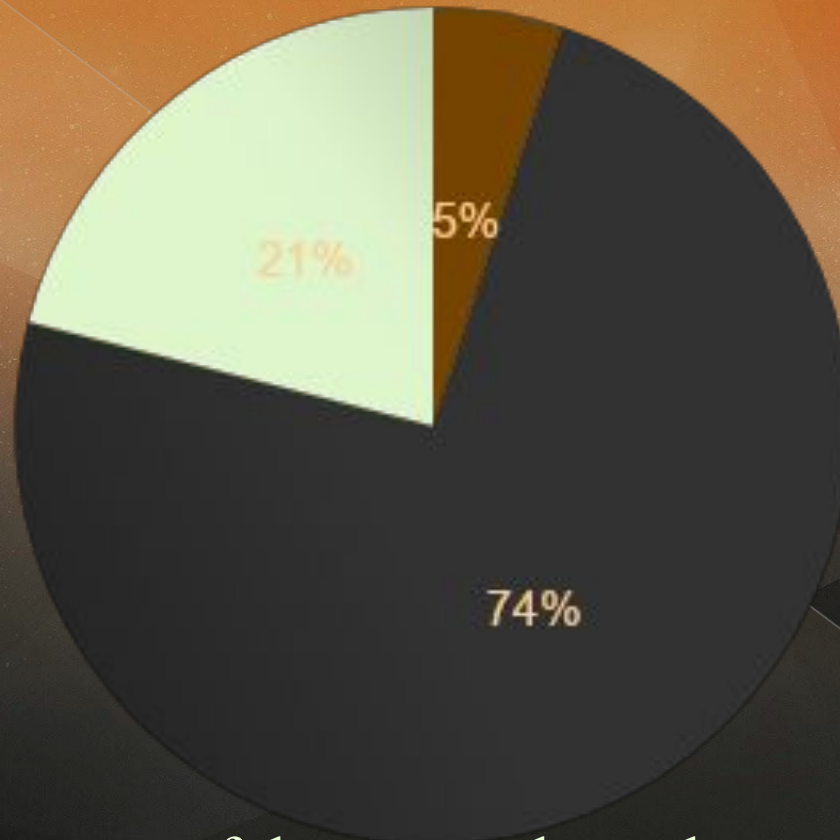

Do you think the profession of an automechanic is in demand in modern life?

Diagnostics: about half of respondents is sure of its future

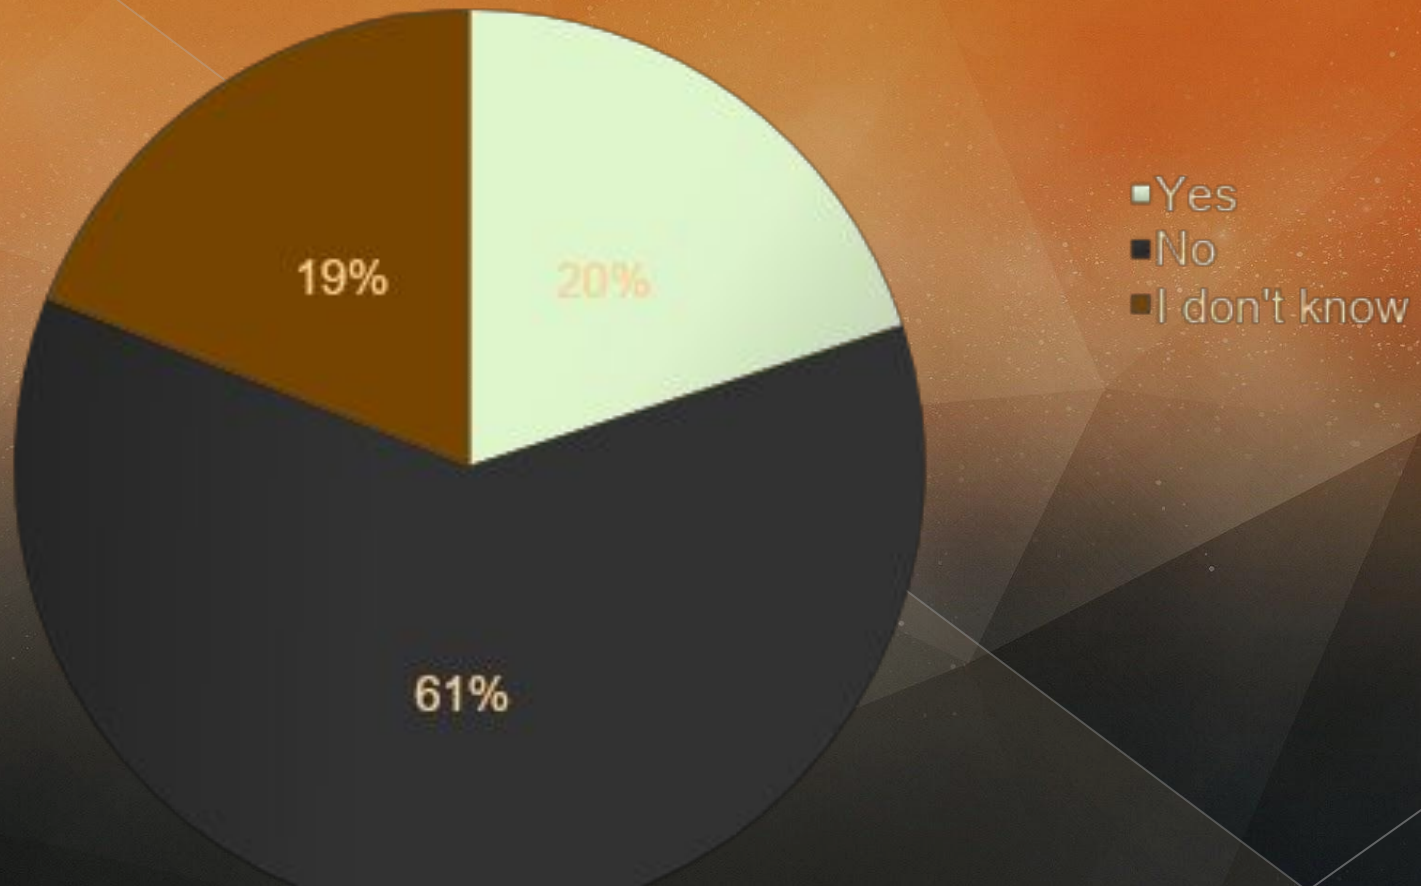

Would you like to continue further education?

■ Yes ■ No ■ I don't know

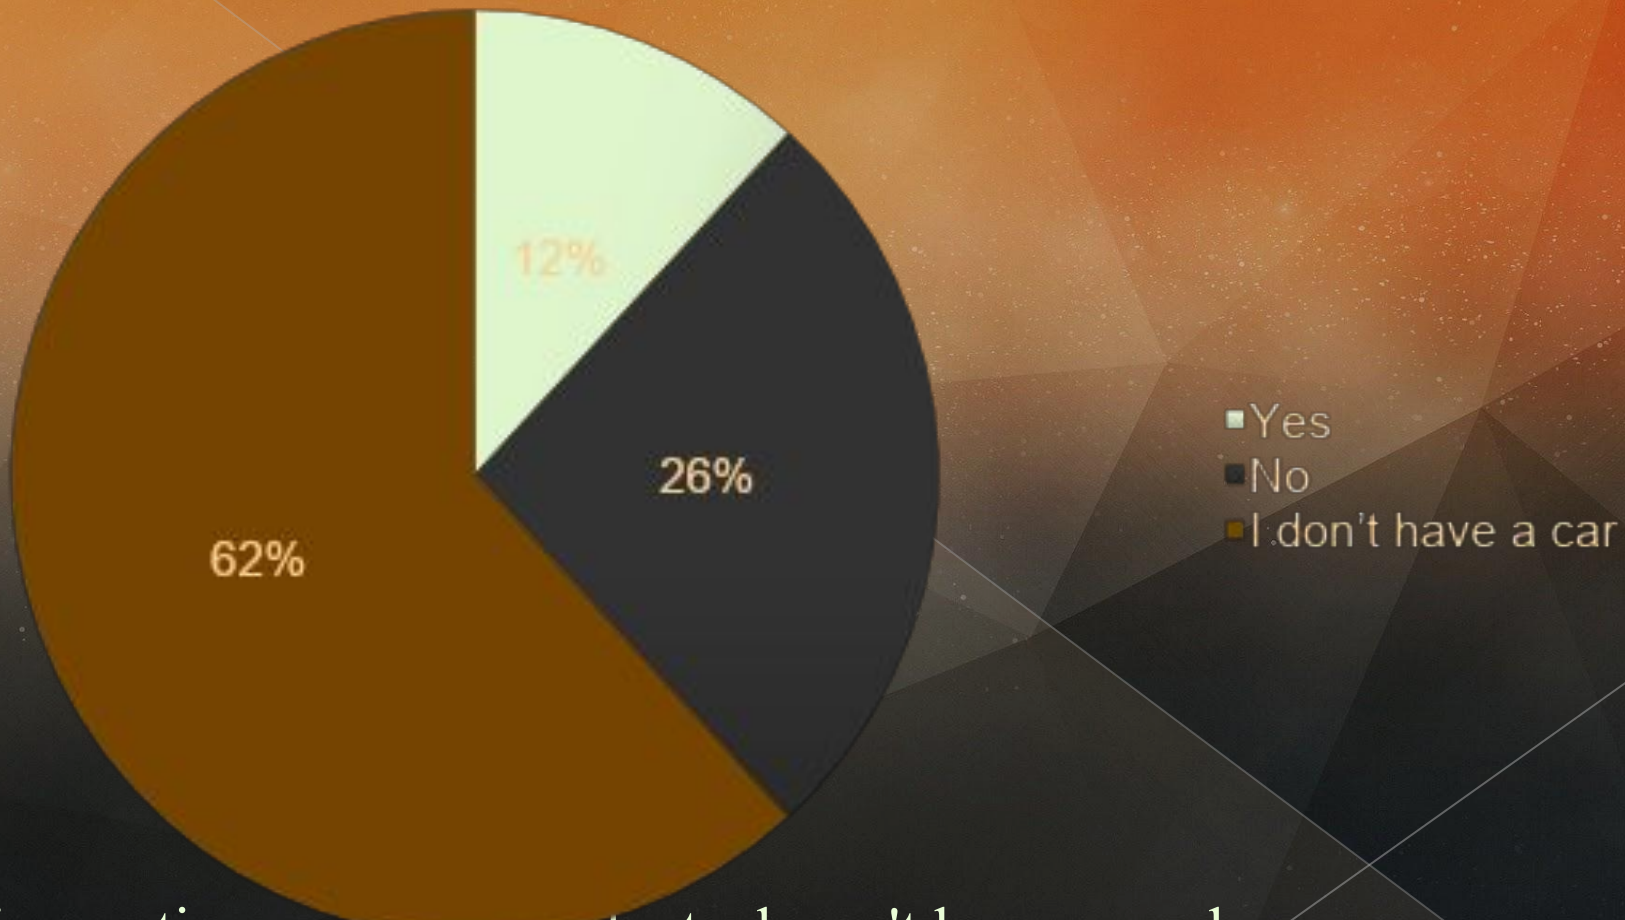

diagnostics: most of the respondents does not want to get a higher education

Are you going to work in this profession?

Diagnostic: more than half of respondents is not going to work in this profession

If you have a car, do you use the auto car service?

Diagnostics: most respondents doesn't have a car because they are too young

Conclusion

To sum up, I'd like to say that the majority of respondents is not going to become an automechanic.

As for me, I'm going to continue my studies, but not in this profession.
