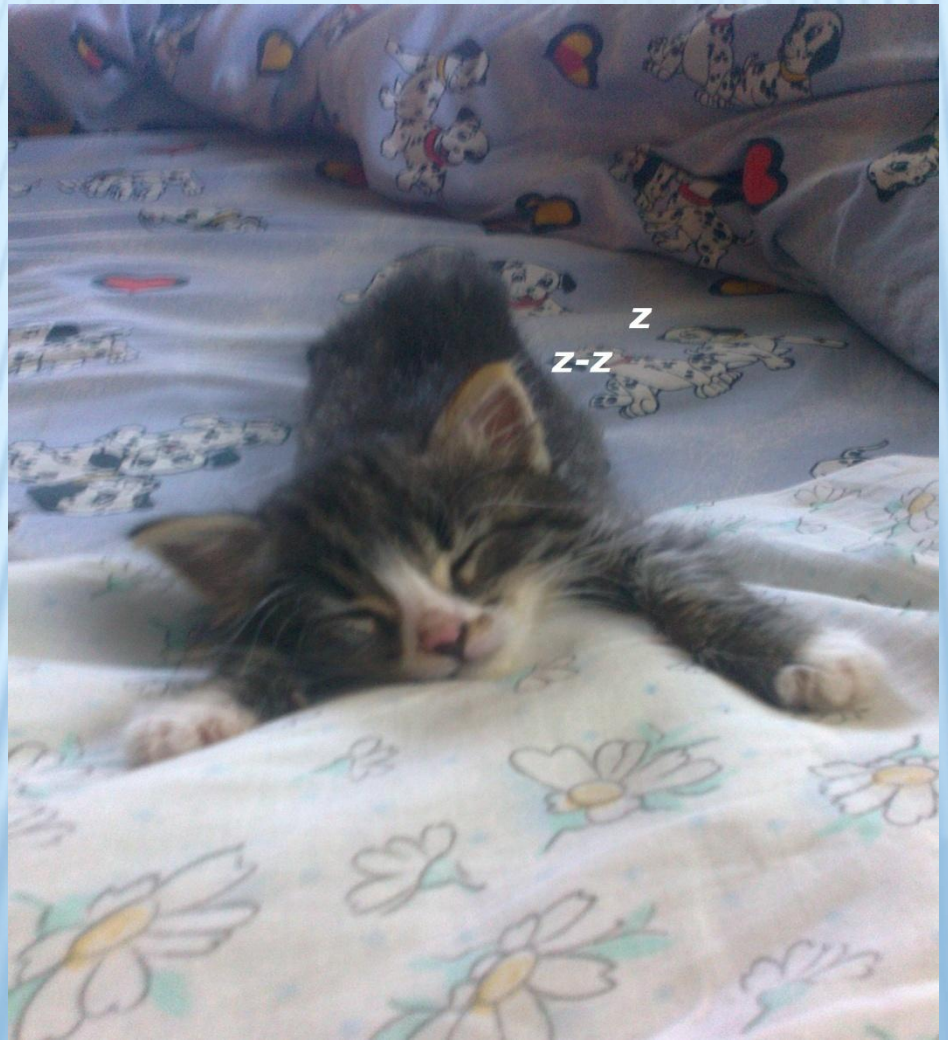
My pet

I have a kitten. His name is Pasha. He is dark in colour and very fluffy, his paws are whit

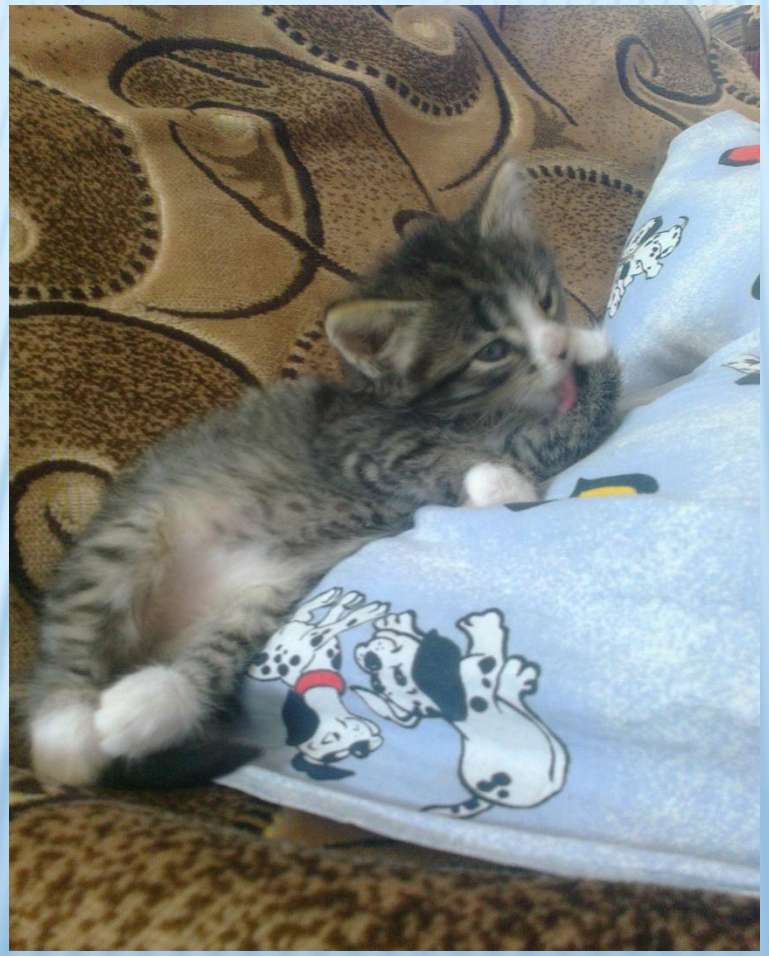
We found a kitten in the street 5 months ago. I took him and gave him the name of Pasha. He was very small. Pasha did not like to play with other cats. I fed him with warm milk and took a good care of him.

Now Pasha is fat.

He likes to sleep, eat and play.



He likes to wash every morning..
Pavlik is very playful, careless and kind.



I love my little cat very much❤️
