PRINCE SAKS

We live in an area where there are many historical events. We are the descendants of a great nation. Only here in the territory of Kazakhstan for the first time on the orders of the governor of Kultegin it was written alphabet Fleece first horses accustomed to man, but we know how to use things. But we are very simple people, and many use it. Because of this we almost lost our dignity. I want to carp at the end, "we do not appreciate what we have."

THANK YOU FOR ATTENTION!!!
