

LATIN IN MIDDLE AGES

The spoken language had developed into the various incipient Romance languages; however, in the educated and official world Latin continued without its natural spoken base.

A still life composition featuring several antique books and objects. In the center, an open book with a decorative initial 'C' is prominent. To its right, a stack of books is visible. In the foreground, a pair of scissors and a quill pen are scattered on a light-colored, draped fabric. The background is a plain, light-colored wall.

USING OF LATIN:

Literature

Everyday community

Medicine

A still life painting of a desk. In the center, an open book with a decorative initial 'A' is propped up. To its right, a stack of several closed books is visible. In the foreground, a quill pen lies on a light-colored cloth. To the left, a candle in a holder is partially visible. The background is a plain, light-colored wall. The overall scene is dimly lit, with soft shadows.

THANK YOU!
