The role of Russian folk toy in children’s inclusion in folk culture

Drozhzhina Marina

Student of master’s program in Arts and crafts and folk crafts

Moscow Pedagogical State University

The head of club formation in State budgetary institution of culture of Moscow

Territorial club’s system «Planeta» The house of culture «Gagarinets»

Practical part (example):

The process of making rag doll is very interesting for children, also it helps to know a lot about life of Russian ancestors in last centuries, their traditions. It's very important for the generational "connection".

Interesting and useful for children and for adult:

Practice:

- I opened a new group of sewing and making dolls and toys in the club, where I work – the house of culture “Gagarinets”
- Now we are ready to start making folk rag dolls
