

Rating system in Russia.

There is an age limit for each movie. Each country has its own rating system. We will talk about our own rating system in Russia. We believe that Russia needs a rating system because most films are widely available and often have a negative impact on children. It will warn viewers about programs that are not intended for children. There are different types of movies: Feature Film, Action, Adventure, Comedy, Drama, Horror, Science Fiction, Western.

Our rating system is divided into six categories.

1.+0

2.+12

3.+14

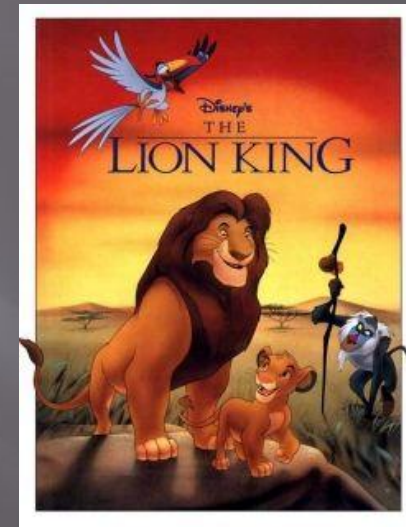

4.+16

5.+18

6.banned
