С кем?

Что делать?

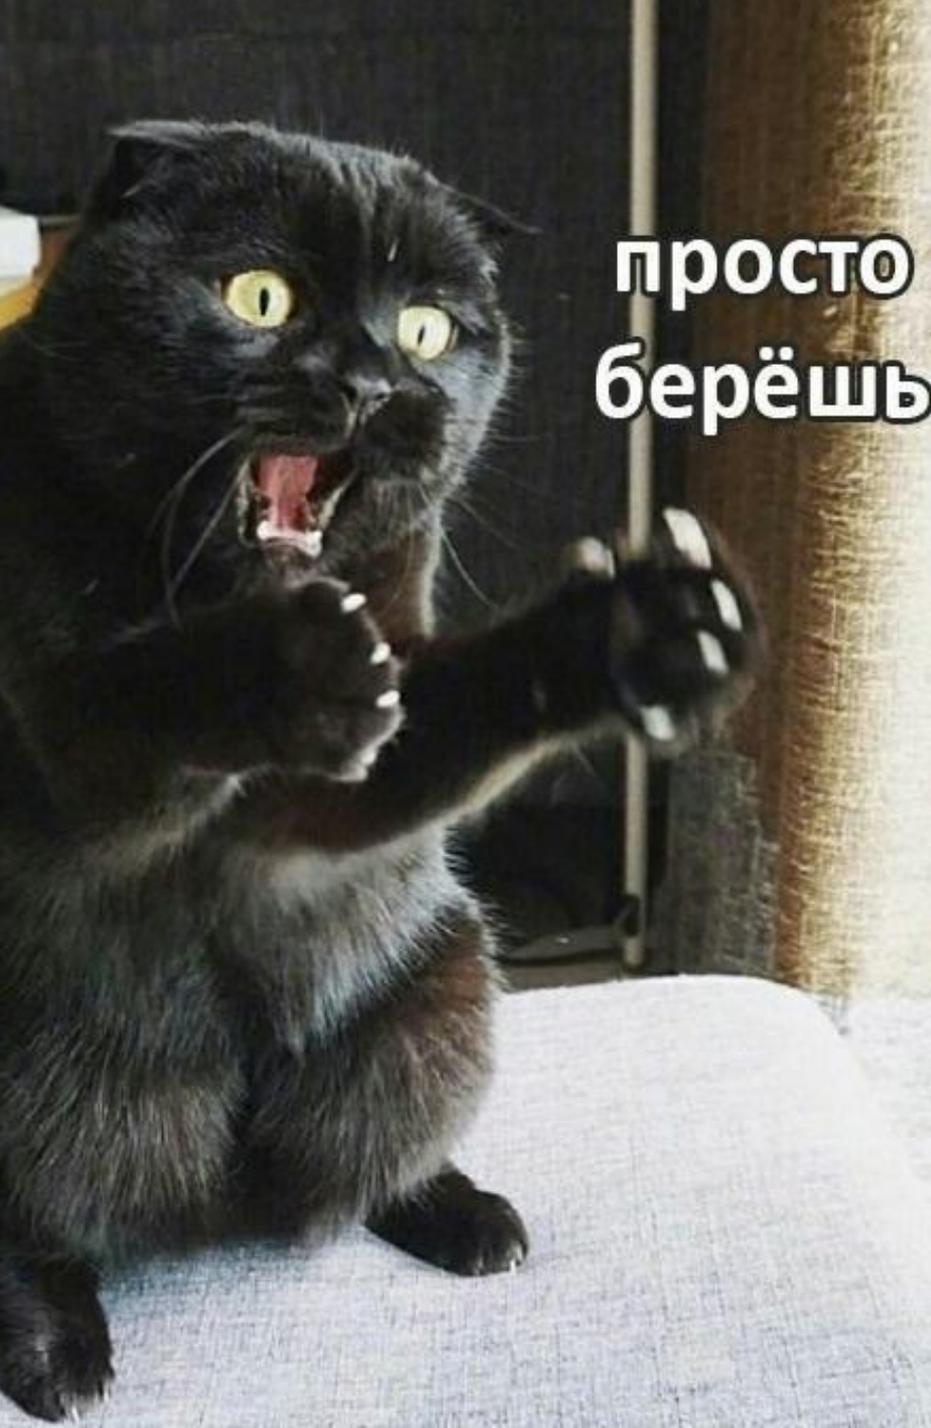

Biology

The word "Biology" is written in a large, bold, black sans-serif font. Each letter is creatively integrated with a biological illustration: the 'B' features a colorful butterfly with blue, yellow, and black wings; the 'i' has a small black tadpole above it; the 'o' contains a white beetle silhouette; the 'l' is a vertical black shape with two curved antennae at the top; the second 'o' also contains a white beetle silhouette; the 'g' has a white beetle silhouette inside its loop; and the 'y' has a black silhouette of a leg with a foot at the bottom.

Thank YOU

The image features the words "Thank YOU" in a highly decorative, hand-drawn style. The word "Thank" is written in large, multi-colored letters: 'T' is blue, 'h' is blue with a yellow polka-dot section, 'a' is green with a yellow polka-dot section, 'n' is purple with a yellow polka-dot section, and 'k' is red with a yellow polka-dot section. The word "YOU" is written in a smaller, blue, dotted font with a red heart in the 'O'. The text is surrounded by various floral and geometric decorations, including a purple flower with a pink center, a blue flower, a red flower, and a blue flower with a purple center. There are also yellow dotted lines and red wavy lines. The entire design is set within a white rectangular area with a yellow scalloped border, which is itself on a yellow textured background.
