

Interesting places to travel in Russia

Why did I choose this topic?

Dear classmates! I've chosen this topic because I think it's interesting to learn about different places in Russia. Maybe someone will want to visit these places

Baikal lake

In this
project we
will talk
about Lake
Baikal

Information about lake

Baikal is unique — it is the deepest lake on the planet and the cleanest in the country

Great lake

Lake Baikal is one of the most popular tourist places in Russia. Every year tens of thousands of tourists from all over the world come here, not only from Russia. The region is rich in attractions, flora, fauna and mysteries. Lake Baikal is associated with many interesting facts, and it is also included in the list of Wonders of Russia.

Here you can enjoy a huge number of endemics
and beautiful landscapes

Reasons to visit the lake

- charge with the energy of the deepest lake in the world
- take a break from everyday life and routine
- Enjoy the beautiful scenery

Thank you for your kind
attention!

I'll be glad to answer all your
questions
