

# «GOOGLE MAPS EXCURSION» KPI MUSEUM TOUR

Posted by Evgeny Logvin, Slabchenko Kirill, FE-91 Group

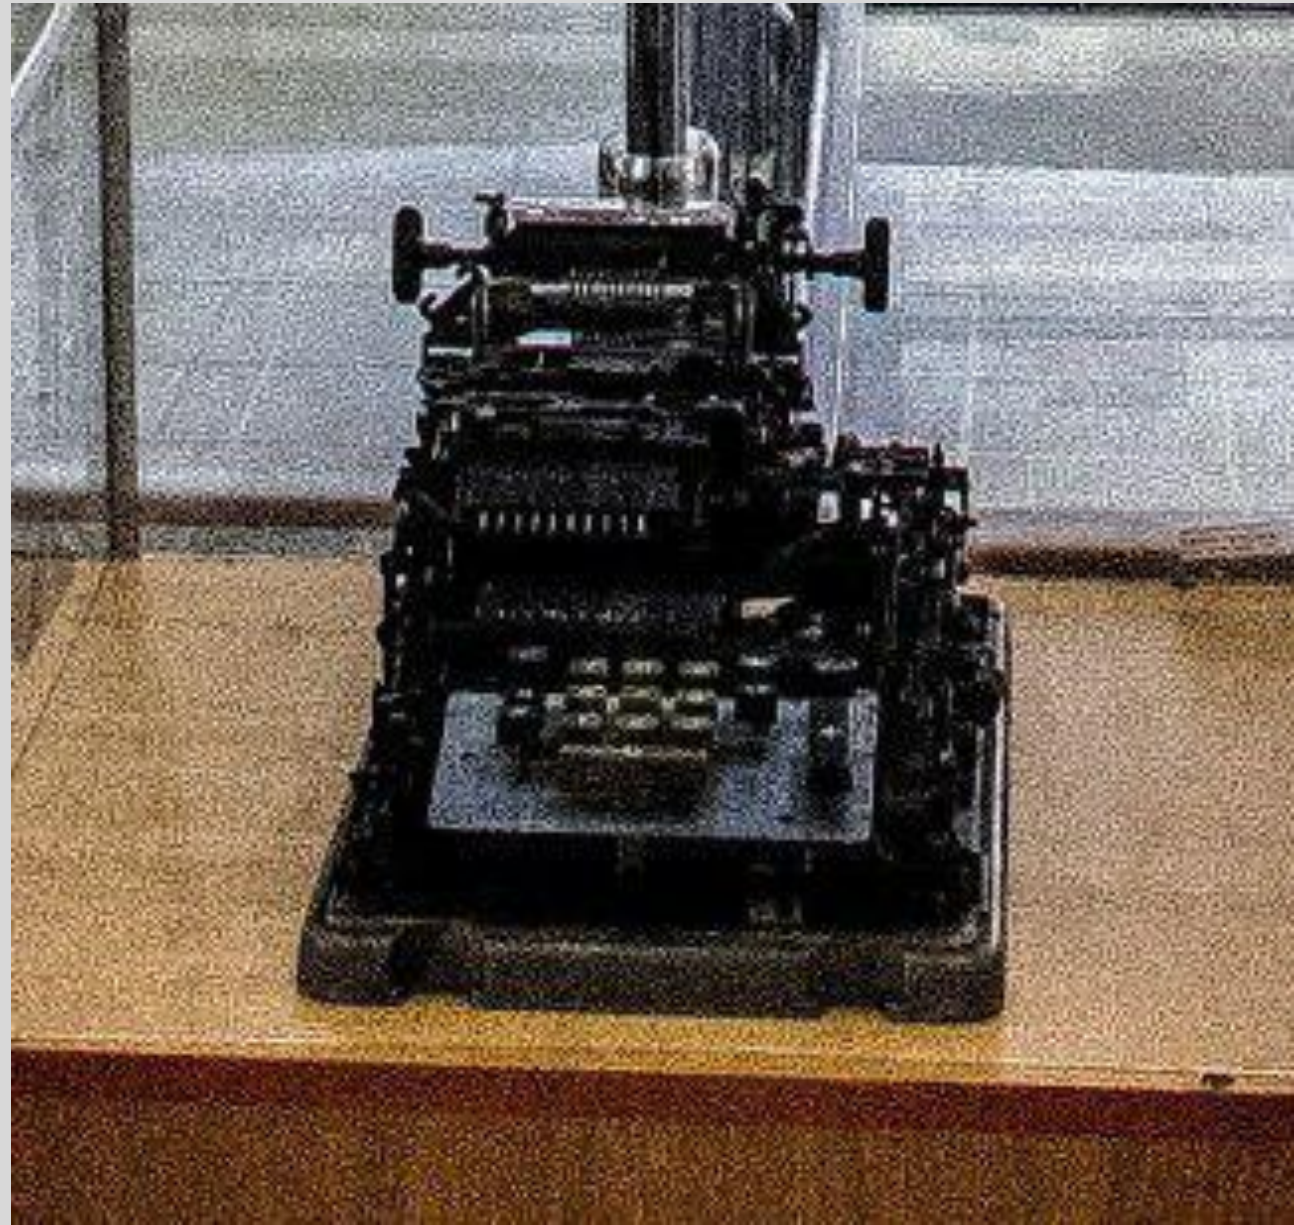

TODAY WE WILL CONSIDER  
ONE OF THE MOST  
INTERESTING PLACES IN  
THE KPI CAMPUS - THE  
MUSEUM. THE MUSEUM IS  
DIVIDED INTO SEVERAL  
HALLS THAT GO ONE AFTER  
ANOTHER.

THE FIRST HALL, WHICH OPENS IMMEDIATELY AT THE ENTRANCE, CONTAINS MAINLY STANDS WITH DOCUMENTS, SOME INFORMATION ABOUT THE INSTITUTE ITSELF AND ITS GRADUATES. HERE YOU CAN SEE A KIND OF TREE FROM THE INSTITUTES AND ENTERPRISES ASSOCIATED WITH THESE EDUCATIONAL INSTITUTIONS. THIS TREE "GROWS", OF COURSE, FROM THE KYIV POLYTECHNIC INSTITUTE.

THE SECOND  
HALL IS ENTIRELY DEVOTED TO  
ELECTRONICS. HERE YOU CAN LOOK  
AT THE VERY FIRST EOM, RADIOS,  
TELEPHONE SWITCH, EVEN AN  
ELECTRON MICROSCOPE

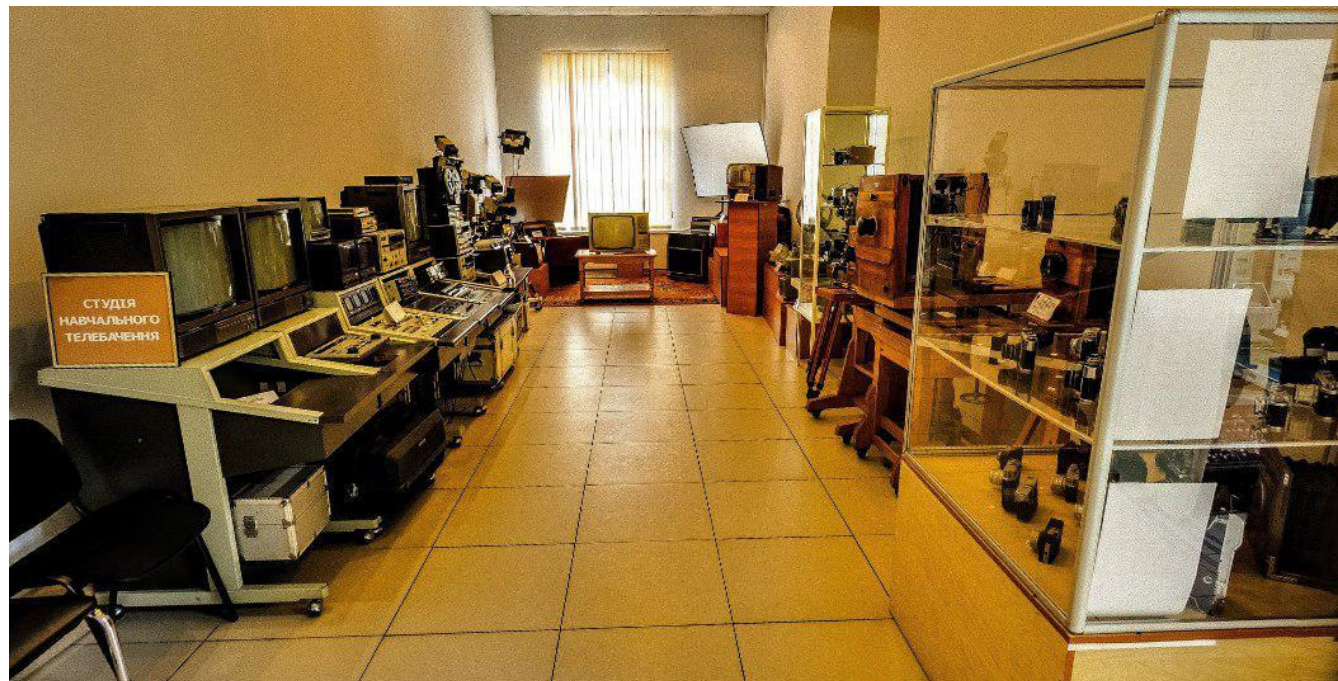

THE NEXT HALL IS CALLED THE «TRAINING TELEVISION STUDIO». WE CAN TAKE A CLOSE LOOK AT ONE OF THE FIRST BLACK AND WHITE TELEVISIONS, WHICH WAS LAUNCHED INTO MASS PRODUCTION AROUND THE WAR YEARS. WITH A SMALL SCREEN IN FRONT OF WHICH STOOD A LENS FOR ENLARGING AN IMAGE

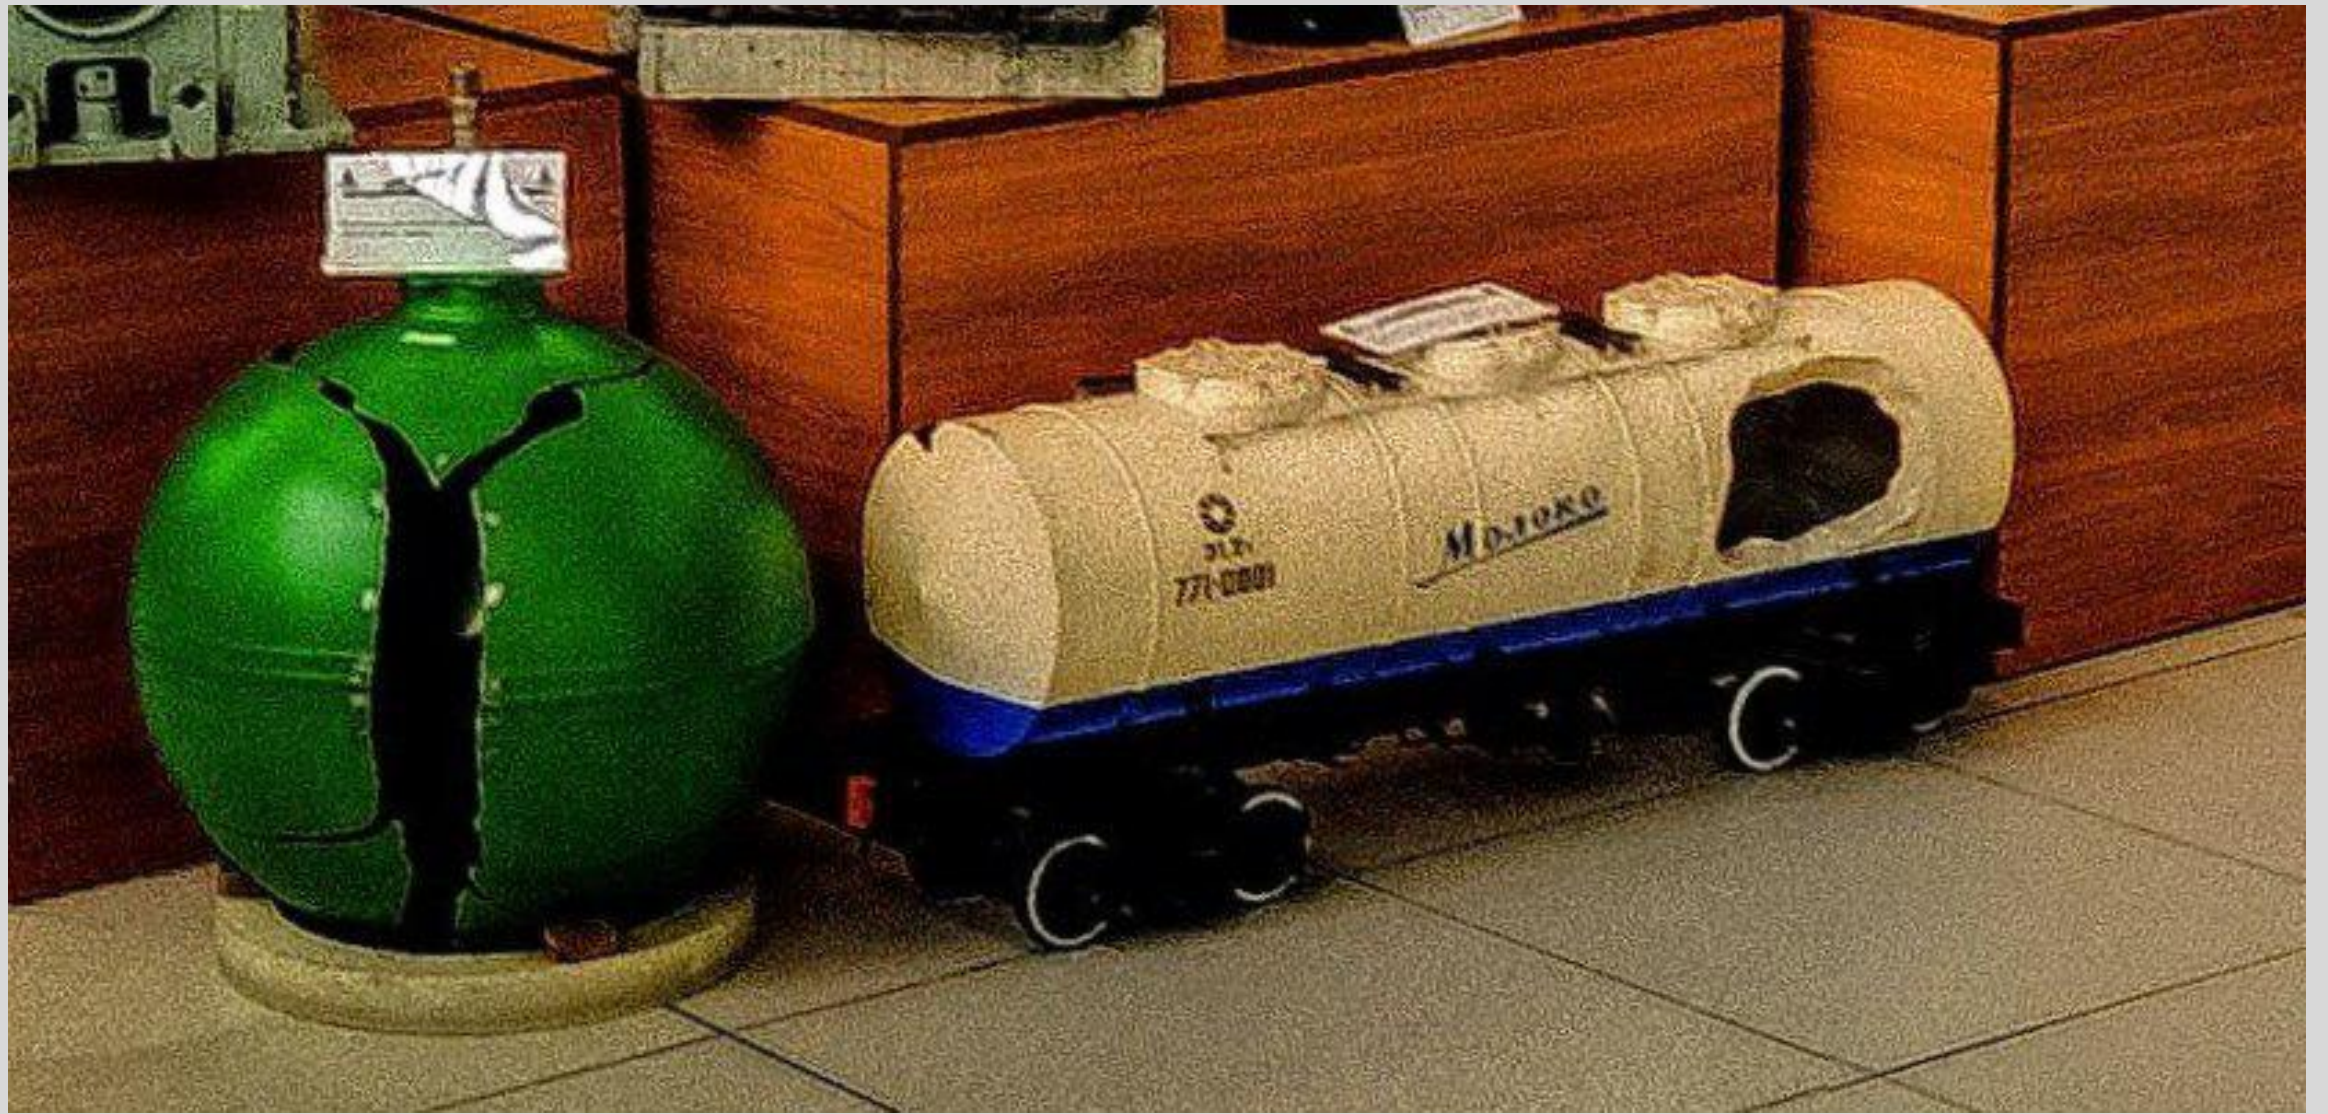

THE LAST, LARGEST MUSEUM HALL, RESEMBLING A HANGAR, HAS A HUGE COLLECTION OF VARIOUS EQUIPMENT: STUDIO EQUIPMENT, ENGINEERING WORKBENCHES, ALL KINDS OF APPLIANCES, THE LAYOUT OF THE KPI CAMPUS AND NUCLEAR POWER PLANTS; COPIES OF RADIO EQUIPMENT, TAPE RECORDERS; ALSO AT THE END OF THE HANGAR ARE SEVERAL CARS

Тут можно вставить что-то типа "спасибо  
за внимание" или типа того
