

Education in Sakha Republic

Dyakonova Valya`s
EaTI, HaGV-17

Education in Yakutia is provided predominantly by the state and is regulated by the Ministry of Education and Science. Before 1990 the course of school training in the Soviet Union was 10 years, but at the end of 1990 the 11-year course has been officially entered. Education in state-owned secondary schools is free; first tertiary (university level) education is free with reservations.

Minister of education of the Republic of Sakha Yakutia

Egorov Vladimir Anatolyevich-was Born on March 15, 1966 in the village of Suntar of the Suntar district of the Yakut ASSR. Laureate of the state prize of the Republic of Sakha (Yakutia) in the field of science and technology for young scientists and specialists, honored worker of education of the Republic of Sakha (Yakutia), member of the Presidium of the chess Federation of the Republic of Sakha (Yakutia).By the decree of the head of the Republic of Sakha (Yakutia) of November 8, 2018 №166 appointed Minister of education and science of the Republic of Sakha (Yakutia).

Presently the following categories of schools exist:

- **Early childhood** – Basic, Infant and privately operated pre-school. Age: 2 – 5 years.
- **Primary** – Publicly and privately owned (Privately owned being called Preparatory Schools). Ages 3 – 12 years.
- **Secondary** – Publicly and privately owned. Ages 10 – 17 years. The high schools in Yakutia may be either single-sex or co-educational institutions, and many schools follow the traditional Russia grammar school model used throughout the Russia.
- **Tertiary** – Colleges and universities

The most important facilities of higher education include North-Eastern Federal University (previously Yakutsk State University) and Yakutsk State Agricultural Academy
