***How I learn English***

By Vladimir Tsybanov  
and Tatyana Eroshkina

Form 7A

## *There are several ways of learning English*

In the class people...

- Write tests, dictations, etc.
- Make up and act dialogs
- Learn things by heart
- Learn a few new words at a time

*Besides many people learn English after classes.*

- They watch English films.
- They put on plays in English.
- They write letters to their pen pals.
- They go to English- speaking countries

*To cut a long story short a lot of people all over the world learn English because it has taken the position of the world language*

- 750 million people in the world speak it and the half of them speak it as a mother tongue
- It has become the language of the planet
- It's the first truly global language
- All international relations, documents are in English

**Now we tell you several easy things to learn**  
**English.**

I like reading English books in original.

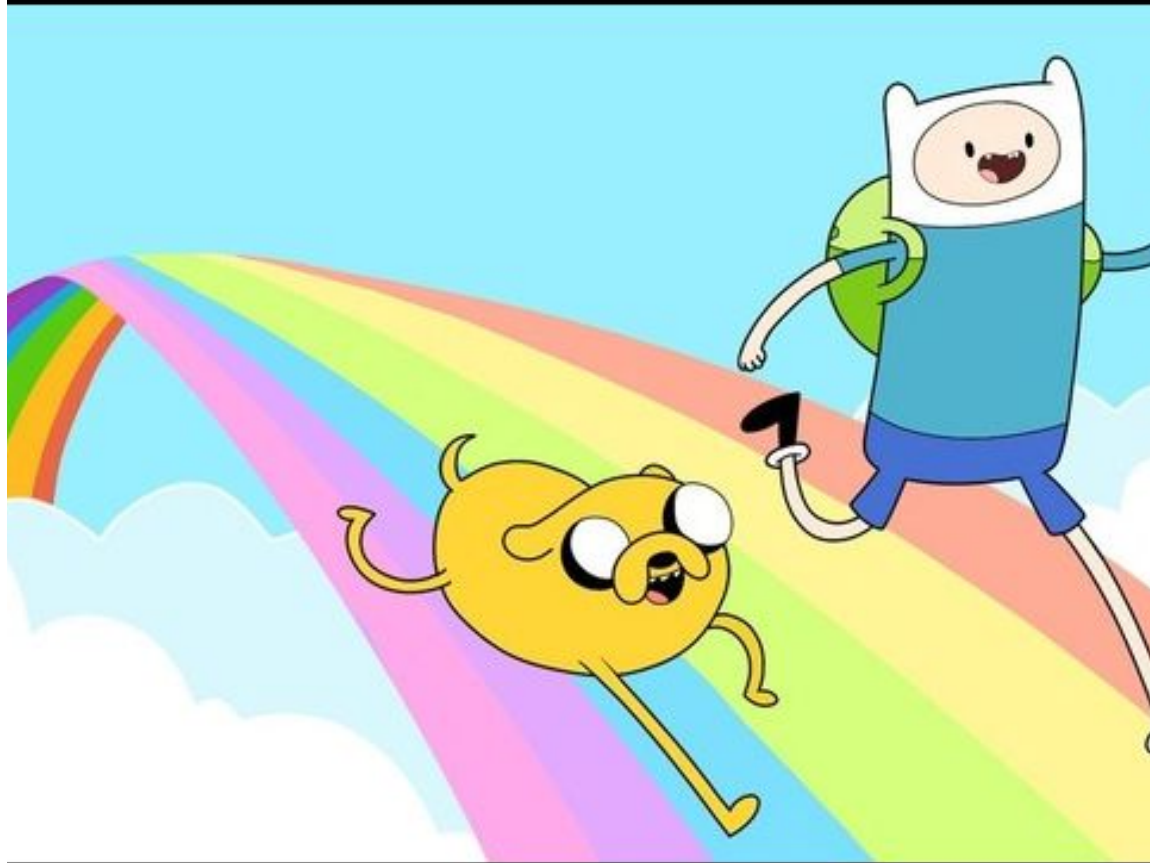

You can find and learn different  
English idioms

You can listen to different songs and learn the words of it

Thank you for your  
attention!
