

# My Favourite place

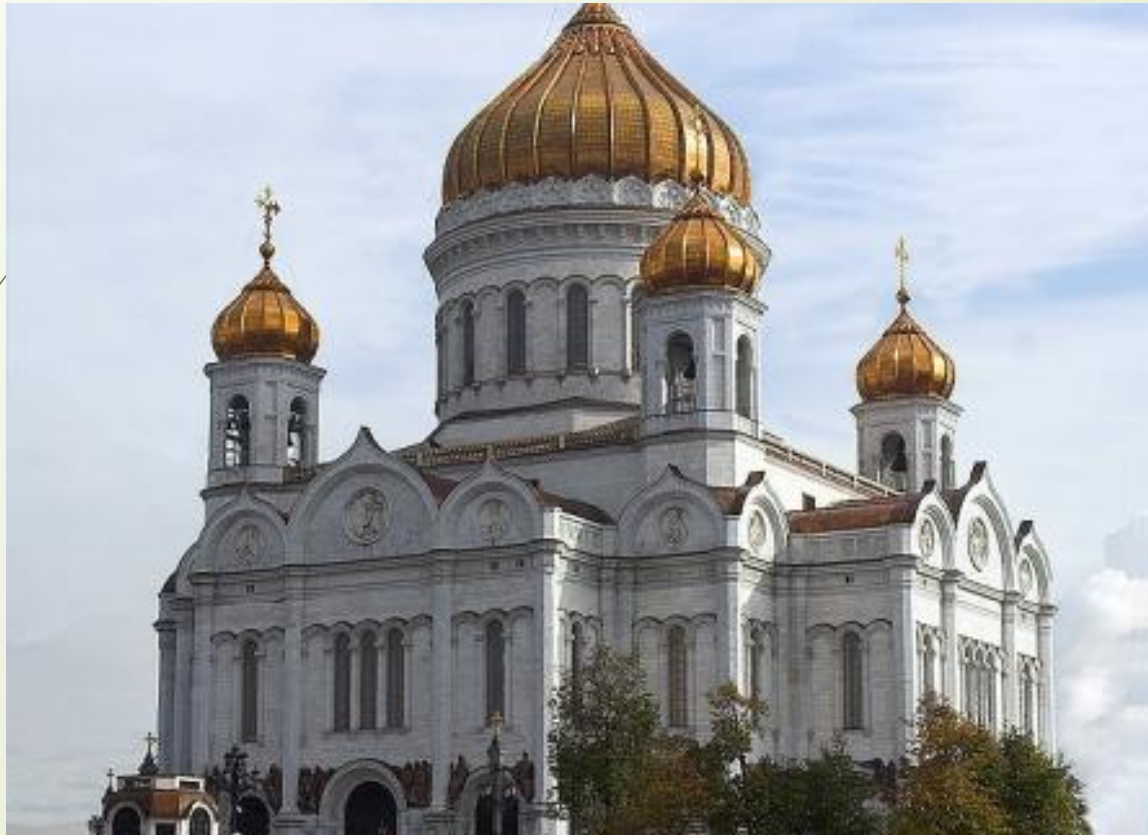

Everyone has a special place, somewhere they have happy memories of. Well, for me it's Moscow, Russia

# Cathedral of Christ the Saviour.

The temple "in commemoration of our gratitude to the God's Trade which has saved Russia from death threatening to it"

At Tretyakov Gallery, there are a lot of stunning paintings

Red Square - the name of one of the main squares in many cities of the CIS.

There are still many exciting places in Moscow, such as Museum of Cosmonautics. I want to visit this place.

Grand Theatre - one of the largest in Russia and one of the most significant in the world of opera and ballet theaters.

**Moscow it's a fantastic place! i want to visit the town and consider all the huge, fantastic constructions**

**The End.**
