

# Halloween

# What is Halloween?

Halloween is an originally religious celebration that has become a popular holiday in many countries, especially in the USA and Canada. It is celebrated on the 31st of October, the eve of All Hallows' Day.

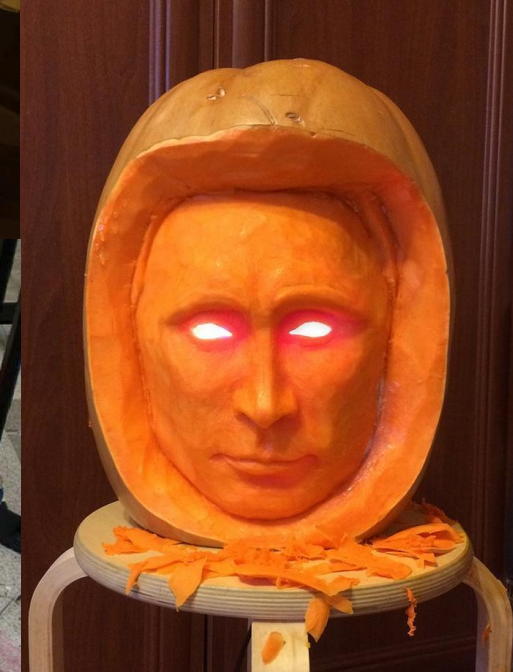

A Halloween costume party is an event where everyone should be dressed up as ghosts, witches, skeletons etc, although in many cases people choose less ghost-related costumes and dress up as pirates, robots, popular shows and videogames characters.

# Pumpkins

The pumpkin is a symbol of this festival in which offensive face is cut out. A lighted candle is put into the pumpkin. It was considered that pumpkin left about the house on All Saints' Day drove off malignant demons. The song "Monster Mash" by Bobby Pickett is an informal hymn of this festival.

# Fright

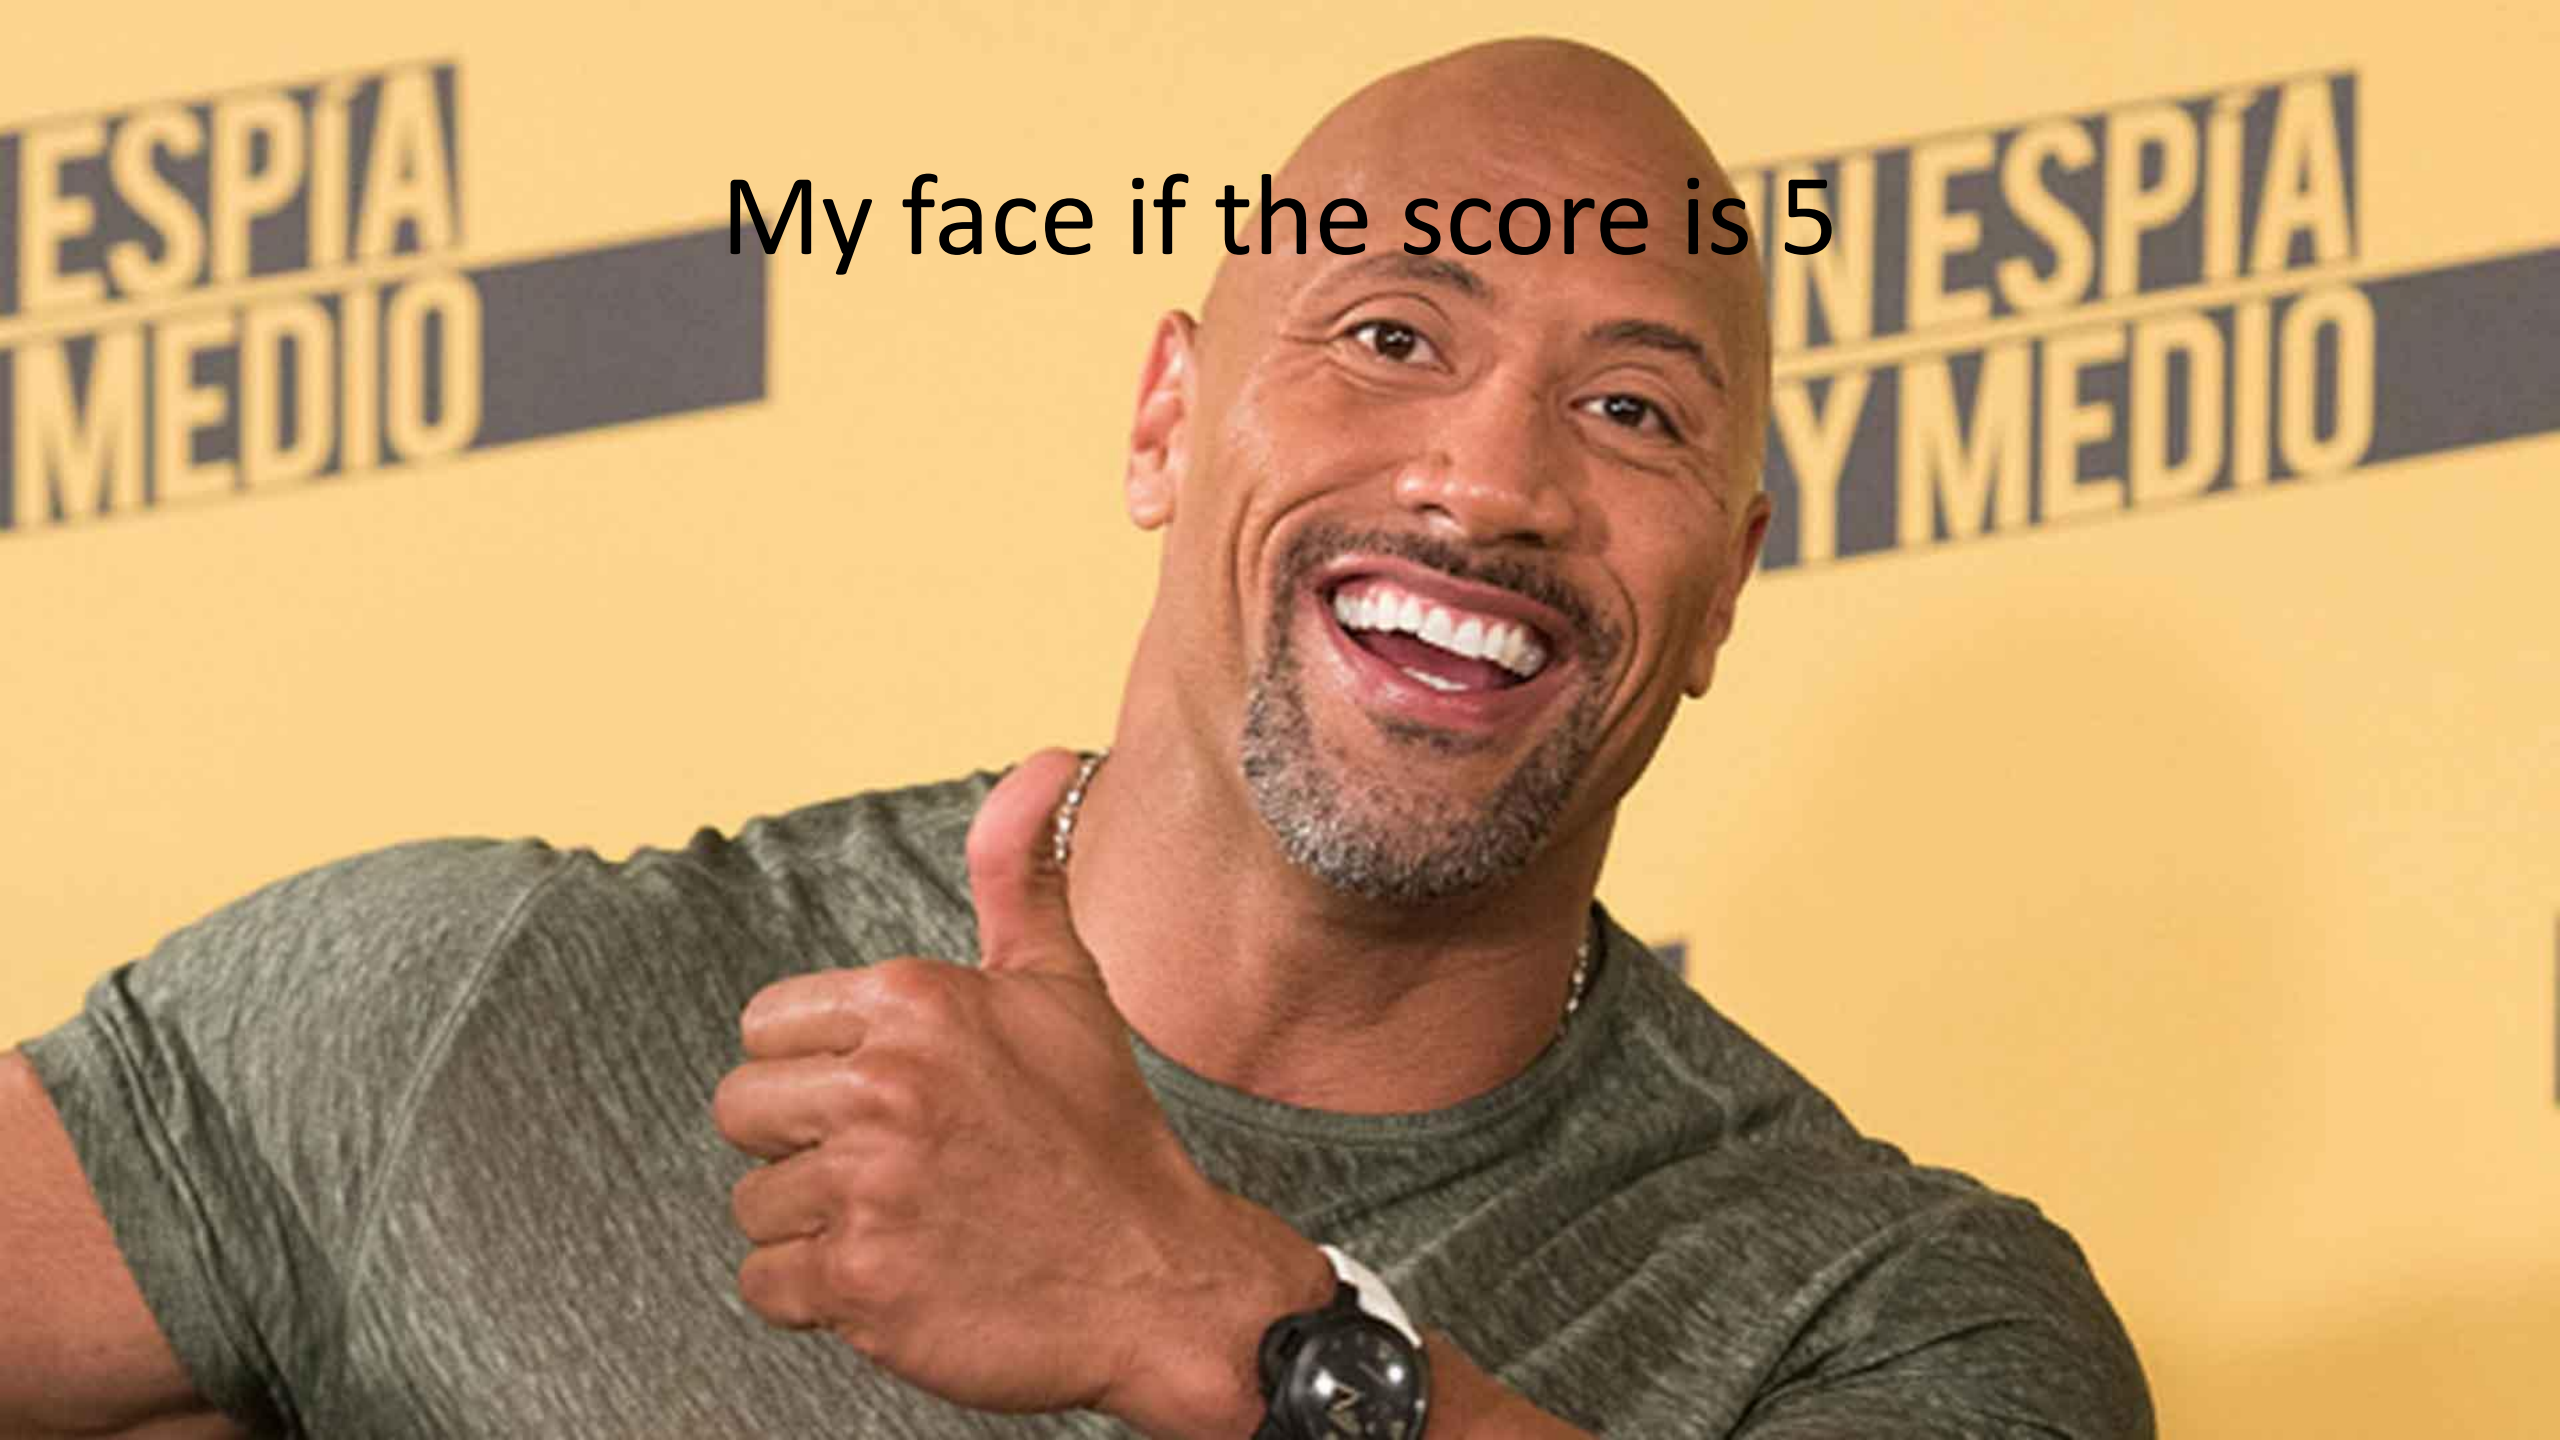

Organization of attractions where visitors are got scared is also an important tradition. On this holiday television broadcasts a lot of horror films and animations. On this day we can show our fantasy and live in the world of dead for a little while.

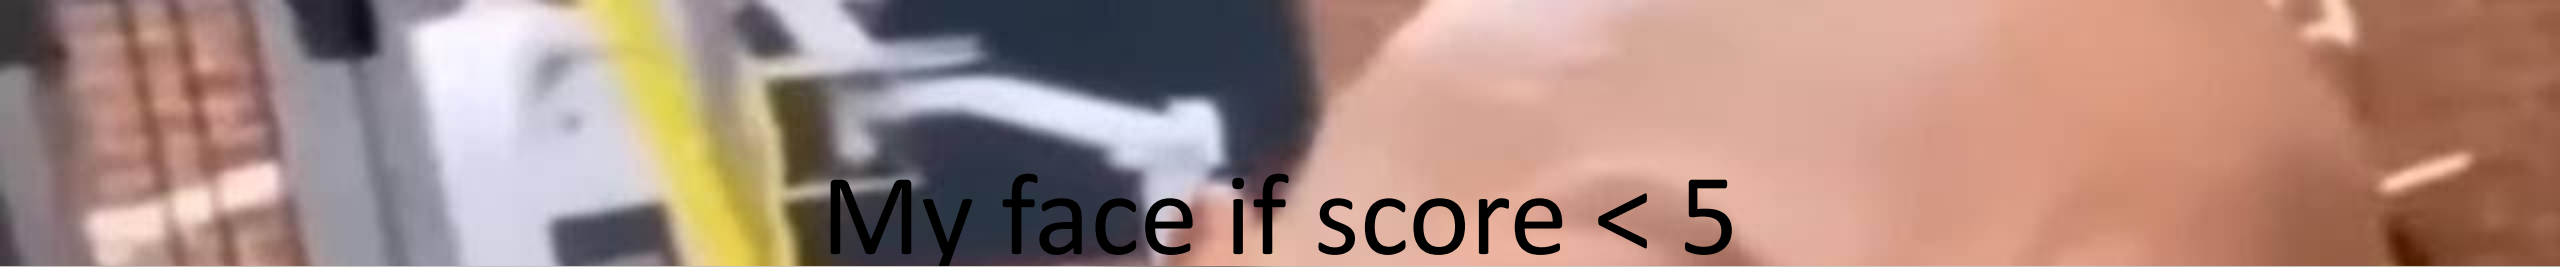

A close-up portrait of Dwayne 'The Rock' Johnson. He is bald, has a serious expression, and is pointing his right index finger directly at the viewer. The background is solid black. The text 'Thanks for watching' is overlaid in white, sans-serif font across the middle of his face.

Thanks for watching
