

DREAM HOUSE

My dream is to live in a big detached house surrounded by a big garden full of flowers and trees. I wouldn't like to live in an apartment with blocks of flats and rude neighbors making noise in the middle of the night. My dream house should be located outside the city, on the outskirts of town where I can find true peace and happiness. Therefore, my dream house should have the characteristics that represent my spiritual world and personality with its location as well as its inner and outer design.

There must be a large kitchen, a pantry, a dining-room, a cosy sitting-room with a fireplace and big windows on the ground floor.

There should be bedrooms with the own separated bathrooms on the first floor, and somebody`s study upstairs. And my room should be in the garret. And a balcony also should be.

There should be a lot of trees, a pond or a fountain. It is necessary if my house be strong and well-defended with a beautiful fence.

Thanks you for attention
