# О фильме

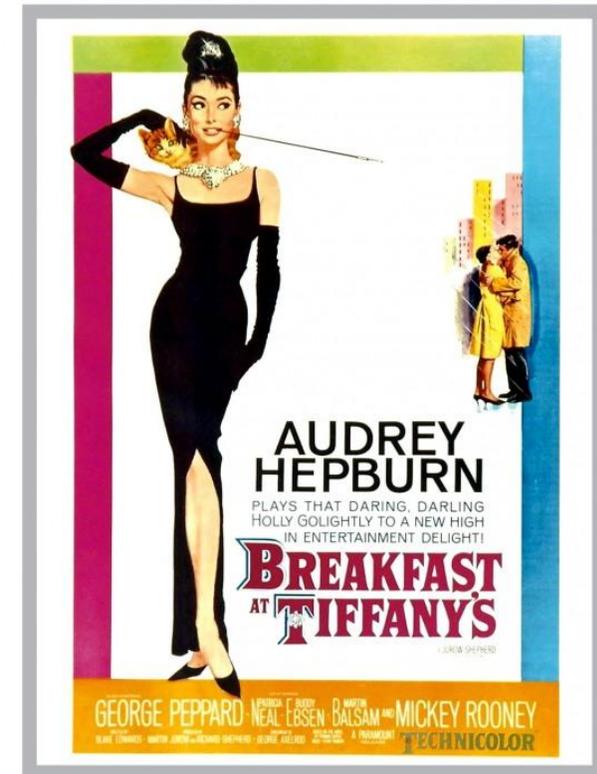

- Год : 1961
- Страна : США
- Сюжет : Столица сильных мира сего и уютное гнездышко очаровательной Холли Голайтли. Кто-то назовет ее девицей по вызову, кто-то — авантюристкой. Одни подумают, что она хитра как лисица. **WEEJUNS**

Made by G. H. Bass, makers of "Sportswear."

Not shoes, not slippers, not moccasins...but all three!

Originally made and worn by Norwegian peasants—and now worn as sports shoes by some of the best dressed men in America. They're so casual, smart—and fit so well.

Rogers Peet has had them copied authentically, down to such details as natural colored cowhide, cup-of-leather moccasin construction, hand cut soles and unique stitched peasant-shoe vamp. Quality throughout in both leather and construction.

You'll want them for wear at the club, at the beach, for farm, garden, around the house. \$6.50.
