

**This is your  
presentation title**

# Instructions for use

## EDIT IN GOOGLE SLIDES

Click on the button under the presentation preview that says "Use as Google Slides Theme".

You will get a copy of this document on your Google Drive and will be able to edit, add or delete slides.

You have to be signed in to your Google account.

## EDIT IN POWERPOINT®

Click on the button under the presentation preview that says "Download as PowerPoint template". You will get a .pptx file that you can edit in PowerPoint.

Remember to download and install the fonts used in this presentation (you'll find the links to the font files needed in the [Presentation design slide](#))

**More info on how to use this template at [www.slidescarnival.com/help-use-presentation-template](http://www.slidescarnival.com/help-use-presentation-template)**

*This template is free to use under [Creative Commons Attribution license](#). You can keep the Credits slide or mention SlidesCarnival and other resources used in a slide footer.*

# Hello!

## I am Jayden Smith

I am here because I love to give presentations.

You can find me at @username

**1.**

# TRANSITION HEADLINE

Let's start with the first set of slides

*Quotations are commonly printed as a means of inspiration and to invoke philosophical thoughts from the reader.*

## This is a slide title

- ◆ Here you have a list of items
- ◆ And some text
- ◆ But remember not to overload your slides with content

Your audience will listen to you or read the content, but won't do both.

# Big concept

Bring the attention of your audience over a key concept using icons or illustrations

# You can also split your content

## **White**

Is the color of milk and fresh snow, the color produced by the combination of all the colors of the visible spectrum.

## **Black**

Is the color of coal, ebony, and of outer space. It is the darkest color, the result of the absence of or complete absorption of light.

# In two or three columns

## **Yellow**

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

## **Blue**

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

## **Red**

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

# A picture is worth a thousand words

A complex idea can be conveyed with just a single still image, namely making it possible to absorb large amounts of data quickly.

Want big impact? Use big image.

# Use charts to explain your ideas

# And tables to compare data

	A	B	C
Yellow	10	20	7
Blue	30	15	10
Orange	5	24	16

# Maps

# 89,526,124

Whoa! That's a big number, aren't you proud?

**89,526,124\$**  
That's a lot of money

**185,244 users**  
And a lot of users

**100%**  
Total success!

# Our process is easy

# Let's review some concepts

## **Yellow**

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

## **Blue**

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

## **Red**

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

## **Yellow**

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

## **Blue**

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

## **Red**

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

## Android project

Show and explain your web, app or software projects using these gadget templates.

## iPhone project

Show and explain your web, app or software projects using these gadget templates.

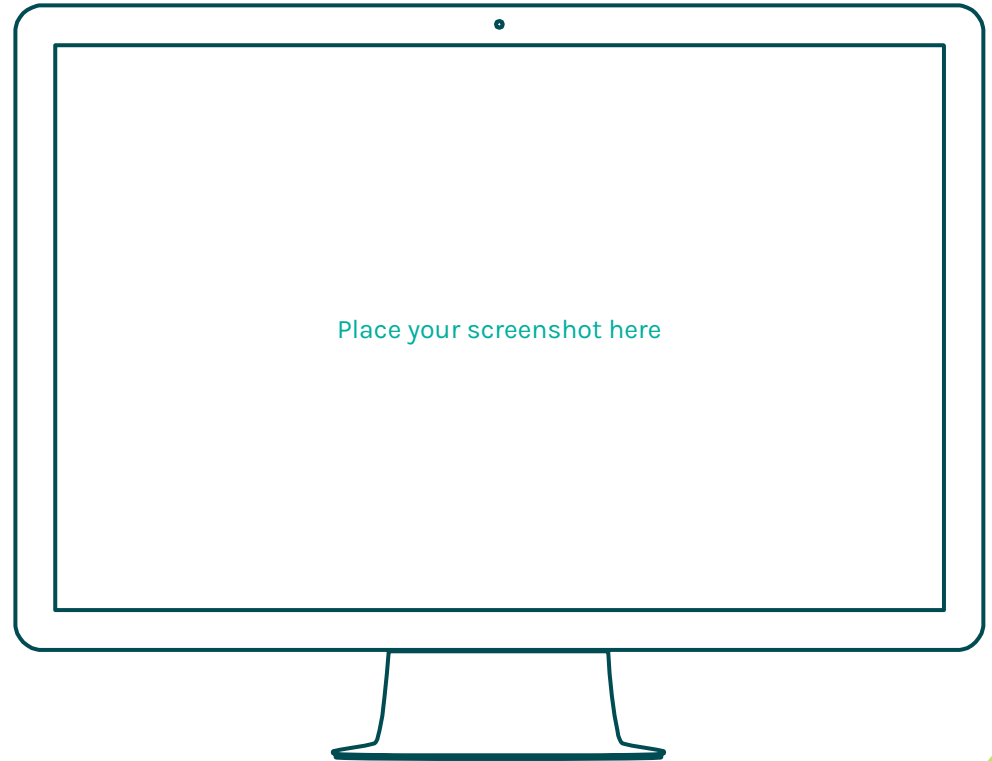

## Tablet project

Show and explain your web, app or software projects using these gadget templates.

## Desktop project

Show and explain your web, app or software projects using these gadget templates.

# Thanks!

## Any questions?

You can find me at @username & user@mail.me

# Credits

Special thanks to all the people who made and released these **awesome resources** for free:

- ◆ Presentation template by [SlidesCarnival](#)
- ◆ Photographs by [Unsplash](#)

# Presentation design

This presentation uses the following typographies and colors:

- ◆ Titles: **Raleway**
- ◆ Body copy: **Karla**

You can download the fonts on these pages:

<https://www.fontsquirrel.com/fonts/raleway>

<https://www.fontsquirrel.com/fonts/karla>

Dark green **#004c52** / Aqua green **#00ae9d** / Lime green **#abe33f**

You don't need to keep this slide in your presentation. It's only here to serve you as a design guide if you need to create new slides or download the fonts to edit the presentation in PowerPoint®

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.
- Change line color, width and style.

Isn't that nice? :)

Examples:

**Now you can use any emoji as an icon!**

And of course it resizes without losing quality and you can change the color.

How? Follow Google instructions

<https://twitter.com/googledocs/status/730087240156643328>

and many more...
