BIOGRAPHY

- He was born 15 Oct 1927 in Zhanakorgan village, Zhanakorgan district of Kzyl-Orda oblast in the family of a simple rural workers of Sartai Doseeva. In 1945, after graduating from high school, Sultan sartayev entered the Alma-ATA state law Institute, after which he was sent to full-time graduate school of the Moscow law Institute. Student years, the time of rapid maturation were filled with hard study, the desire to master the fundamental knowledge in the field of law, and also taught to communicate with people, the ability to be friends, to believe in human decency, developed such traits as firmness, determination, perseverance, useful to him in later life and work. Since 1952, the creative fate of the scientist and teacher is inextricably linked with the Kazakh state University, where sartayev went from assistant to Professor, head of the Department and Dean of the faculty of law. It was within the walls of the University that he was formed as a major researcher of the problems of state construction and development of the legal system of Kazakhstan.

- At the age of 25, Sultan Sartayevich defended his thesis on "Formation and development of The Kazakh Autonomous Soviet Socialist Republic" and became the youngest head of the Department of state law of AGUI. In 1970 he defended his doctoral thesis on the construction of statehood and the Supreme body of the people's representation in Kazakhstan at the special Council of the faculty of law of Moscow state University and a year later received the title of Professor. After 5 years, Professor Sultan sartayev was elected a corresponding member of the Kazakh SSR, and in 1996-academician of NAS RK.

- On the eve of his 90th anniversary academician Sultan sartayev, as always, in the ranks, continues to work in his native Treasury. al-Farabi. He heads the Council of veterans of the University. For him there is no bad weather, holidays and weekends. You can always see him in an office half-full of books. He often meets with students, gives them his invaluable experience, directs and develops youth scientific thought.
