Biography

Ivan in Feodosiya was born on July 29, 1817. The first years of the biography of Ayvazovsky have passed in poverty as a result of ruin of the father. But everything, to him was succeeded to come to a gymnasium of Simferopol. Interest in painting has brought him into walls of Academy of Arts of St. Petersburg in which he studied at recognized masters. After the termination of Academy traveled around Europe much.

In 1847 in the biography Ivan Ayvazovsky became professor of art Academy of St. Petersburg.

Ayvazovsky was most successful in sea landscapes. And since 1844 he even was an artist of sea headquarters. Also in Ivan Konstantinovich Ayvazovsky's biography own school of arts was open. Among his famous pictures – «Highest wave», «Black Sea».

However
Ayvazovsky wrote
cloths not only on
sea subject. Among
other his series of
pictures: Caucasian,
Ukrainian
landscapes,
Armenian history,
Crimean war. For
the biography Ivan
Ayvazovsky has
created about six
thousand works.

The artist spoke about the creative credo: "The person who isn't endowed with the memory keeping impressions of wildlife can never be an excellent kopirovalshchik, the live camera, but the true artist-. The movements of live elements - are imperceptible for a brush: it is impossible to write a lightning, a wind gust, splash in a wave from nature. The plot of a picture develops at me in memory as a poem plot at the poet..."

Chesmensky fight (1848)

Flood (1864)

Besides in the biography of the artist Ayvazovsky there was always time for socially useful actions. So Ivan Konstantinovich actively helped development of the hometown – Feodosiya.

Has constructed the museum of antiquity there, has founded art gallery, promoted laying of a railway track to Dzhankoy.

The artist in operating time over the picture "Explosion of the Turkish Ship" has died on April 19, 1900.

Thanks!
