

Synchronized swimming

Nechaeva Anastasia, Banaru Inna.
7 «B»

Synchronized swimming competitions at the summer Olympics for the first time appeared in the 1984 Summer Olympics in Los Angeles and has since been included in every subsequent games.

Originally the competition was held among the soloist and duets, the 1996 Summer Olympics in Atlanta, they were replaced by commands, and the 2000 Summer Olympics in Sydney duets were returned. In this sport there are 2 sets of awards.

- Competitions consist of technical (mandatory) and long (free) programs. In the first case, the athlete performs certain elements in accordance with the established procedure.

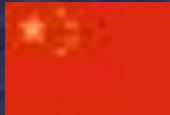

- In the long program, no restrictions on the music or choreography composition. Judicial evaluation in synchronized swimming are similar to those in figure skating (old refereeing).

- The jury evaluated the athletes, consists of two groups of judges on five people each: one group of the equipment, and the other for artistry. The maximum score you can activate each of the members of the jury, equals 10 points.
