Field Added With Design By Committee

This sketch shows a browser window with a more complex sign-up form. The form includes a title, six input fields: 'First Name', 'Last Name', 'Email', 'Retype Email', 'Favorite Color' (a dropdown menu), and 'Country of Residence' (a dropdown menu). Below these is a field labeled 'Field Added With Design By Committee'. A large diagonal slash is drawn across the entire form, indicating it is a rejected or discarded design.
