A story with phrasal verbs - 4 p 8

The day had finally arrived, I was going on holiday with my friends! We set off for the airport a good three hours before our flight was due to take off. My family came to the airport to see me off. The flight was awful. It really put me off flying, but we arrived safely in Rome. The holiday was great. We saw all the famous landmarks and we enjoyed the nightlife too! I missed my family but now I'm back home I can make up for lost time.

Reflection

Which means of transport do you prefer? Why?

Transport - 11 p 9

My favourite means of transport is the train. I like it for several reasons. Firstly, the train is quite cheap when compared with flying. Furthermore, taking the train is a great way to see the countryside. Another thing I like about trains is that they are comfortable and you can get up and move around.
