# Experiencing GOLD 2.0.

We offer several ways of covering the training materials:

Option #1:

- An online group of 6 or more using the “Go To Meeting” program.
- Each group has members from 2-3 Areas in the same general Time Zone.
- There will be regular online meetings set up to accommodate the group members.
- A secure reliable internet connection is required to make best use of the video conferencing program.

# Experiencing GOLD 2.0.

## Option #2.

- Self study or with 2-3 with Peer Partners using social media, chat rooms and programs like Skype.
- Have a youth leader or adult as mentor/advisor.
- Some internet connection is preferable as well as some opportunities to meet at District or Regional gatherings.

# Experiencing GOLD 2.0.

## Option #3.

In a Region or District where youth are able to come together, they could take part in workshops led by other youth.

- The online curriculum is easily adapted for use in workshops of 6 people or more.
- The workshop leader(s) can study the material on their own or in an online group and then earn more credits by leading the workshops.
- Youth convocations would be excellent events where a lot of training could be carried out as part of the program.

# GOLD Certification

Once you have earned your 30 credits you will be recognized as a Certified GOLD Trainer at the Club, District and Regional levels.

Further training is always available for specific leadership positions in Y Service International at the Area and International levels.

# In Conclusion.
