## Information for students

- ✓ If you have chronic diseases , you need statement from your medical record
- ✓ If you have a complaint, you need to say to doctors (ophthalmologist, endocrinologist, neurologist, surgeon, cardiologist, etc.) and take certificate.
- ✓ Students with disabilities receive a copy of the disability certificate additionally.
- ✓ Students, who use contact lenses come to the ophthalmologist for examination without lenses.
- ✓ Students, who use night contact lenses must have a certificate in their hands, which is certified by an ophthalmologist, indicating visual acuity.
- ✓ The certificate is valid for six months.
- ✓ You must not eat 6 hours before blood test.
