

Charlotte Brontë (1816-1855)

**The human heart has hidden treasures, In secret kept, in
silence sealed; The thoughts, the hopes, the dreams, the
pleasures, Whose charms were broken if revealed.**

Charlotte Brontë

was born in Yorkshire, England. After her mother's death in 1821, Charlotte was sent away to school by her aunt. The poor conditions there affected her health badly. After finishing school, Charlotte first worked as a teacher and then as a governess for various families in Yorkshire.

Jane Eyre tells the story of an orphaned girl who is brought up by her unkind aunt and cousins John, Eliza and Georgiana, until she is eventually sent away to an awful school. The book then follows Jane's difficult life until she finally finds love and happiness.

Jane Eyre has been made into several successful films and TV series and is one of the most well-known and best loved books in English literature.
