# Solar panel

---

- 
- We need  $40 \times 2$  meters
  - Cost 15 000 \$
  
  - If we pay 12 \$ per month
  - The costs will equalize after 105 years

# Wind turbine

---

- 
- We will buy wind turbine for 2000\$
  - But there have problem with wind in Kazakhstan
  
  - If we pay 12 \$ per month
  - The costs will equalize after 14 years
