- 10) howl like a werewolf

The Truth About Halloween

Halloween's origins date back to the ancient Celtic festival of Samhain (pronounced sow-in).

The Celts, who lived 2,000 years ago in the area that is now Ireland, the United Kingdom and northern France, celebrated their new year on November 1.

- ▶ This day(31 October) marked the end of summer and the harvest and the beginning of the dark, cold winter, a time of year that was often associated with human death.

Celts believed that on the night before the new year, the boundary between the worlds of the living and the dead became blurred. On the night of October 31 it was believed that the ghosts of the dead returned to earth.
