# I live in a flat.

- There are three rooms in a flat. I have got a room of my own. It is small.
- There is a nice carpet in the middle of the room. You can see a fridge next to the door. There is a table in the right corner. There is a desk with the lamp next to the table. There is a sofa between the desk and the wardrobe. You can see the TV in the left corner. There is a table next to the TV. There are no armchairs in my room. There are many beautiful flowers on the window.

Look at the shelf! It is above the table. There are many interesting books on it. I like my room!
