

Our faculty

The Faculty of Natural Sciences has six Departments.

They turn out ecologists, biologists, chemists, geographers, hotel managers and tourism specialists.

Department of ecology.

At the Ecology Department studying agricultural disciplines students come to realize man's responsibility for survival of Nature. Ecology is the study of interaction of living and non – living organisms and their environment. The graduates of Ecology Departments poses practical skills in mapping and are well – versed in ecology.

Department of biology.

At the Chairs of special biological subjects students receive comprehensive knowledge of Nature. Biology is the study of living organisms and a man is a reasonable one among all of them.

Department of chemistry.

Courses in organic and inorganic chemistries give would be specialist an insight into the chemical structure of animate and inanimate matter.

Department of tourism.

The Tourism Department
turns out tour – operators,
tourism managers, animators,
guide excursionists.

A specialty of the faculty is summer field practices in the most picturesque spots of Ryazan and other regions.

Students are also involved in research work. The results of their investigations are presented at the annual scientific conference.

The faculty offers all facilities for physical training and theatrical activities.

Students take part at the performances of Students theatre "Perechod".

Only to those who enter our faculty
will Nature disclose all its secrets.

The end

The presentation
was prepared by
Bakurina V.
