About me

- *My soname is Dauletbekov Daulet. I am 19 years old. My birthplace is the village of Naualy, Urdzhar districy, East Kazakhstan region. There are four people in my family, they are my dad, my mom, and my sister.*

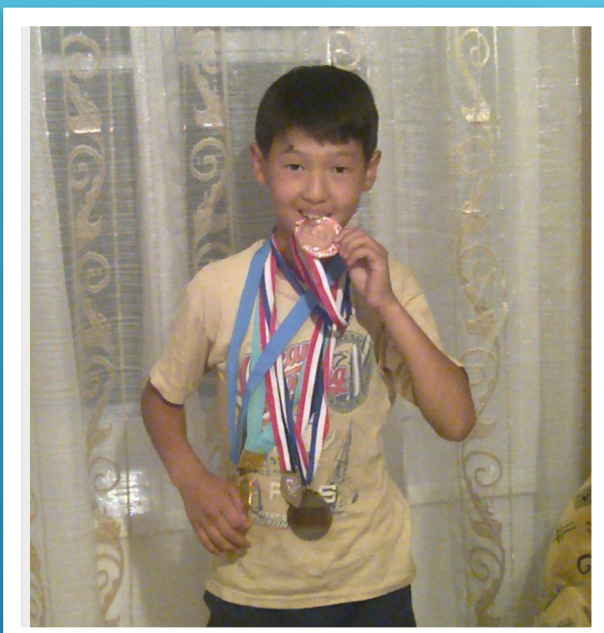

My village is a very precious settlement, located on the node of nine routes. Everyone's home is hot.

- I lead an active lifestyle. I try to keep up with everything. When I was school, I attended all the activities. And thanks to that, I won many awards. My teachers were proud of me.

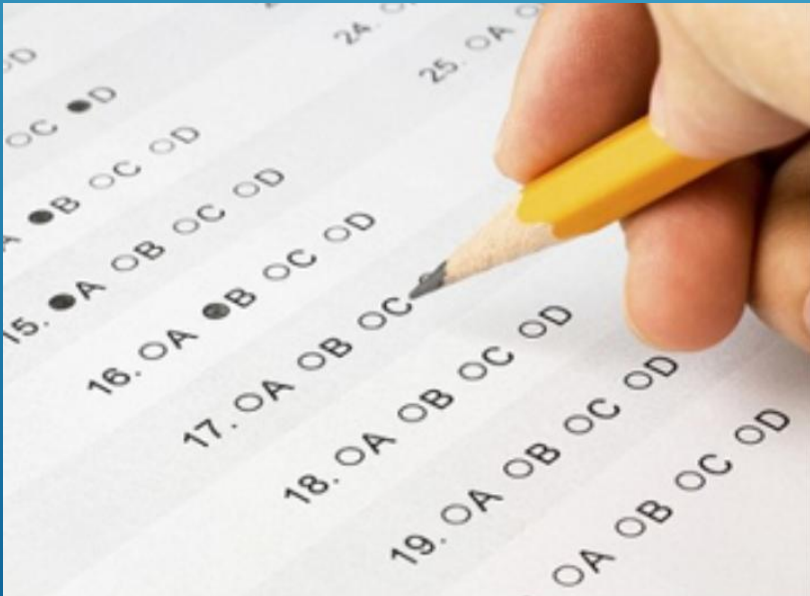

- *From the first class I collect a portfolio. From various school and extracurricular activities I have collected a lot of letters and diplomas. But my best achievements are still ahead*

In 2018, I graduated from the Toleubekov school. I passed the National Uniform Testing excellent received 126 points. I am a student of Al Farabi Kazakh National University

I've been a lot of trained National Testing. All teachers in school prepare us for the test. I was once again trained at Ustudy Education Center. Ustudy helped me a lot. Special thanks to my teachers at school and Ustudy for teaching

- *From my childhood I dreamed of a higher education institution of KazNU. I am very glad to be at the KazNU University. My chosen specialty is scientific biology. I like this profession.*

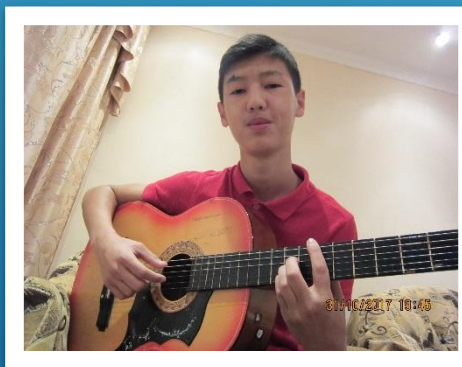

- *My main goal now is to make a good university, to graduate from a good job. Good job is to justify my parents' expectations, to be honest with my country of birth.*

My favorite subjects Biology, Informatics, Physical Education. Especially it is English. English is my favorite language. Because the person who knows English is well educated. I'd like to speak English fluently. I want to meet and talk to them when I see English in many competitions in Almaty. I recently saw speak to English people in Almaty, but of course through the translator

- *Music is the main part of my life. I do not forget the music. I still love to play the guitar. Music always calms me down. When I'm tired, when I do not have a mood, I always wear my guitar and forget all my tiredness.*

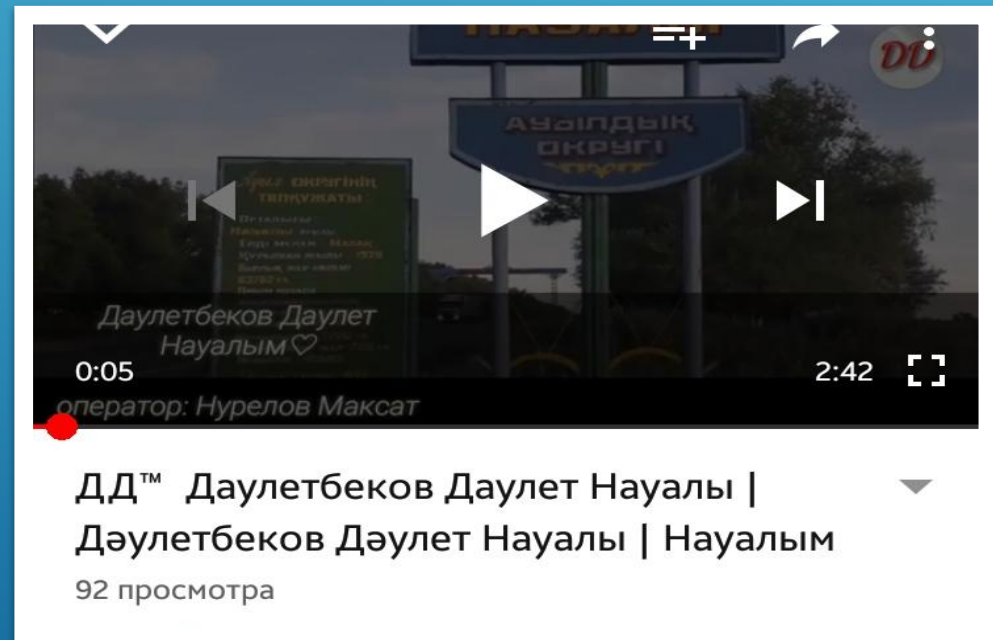

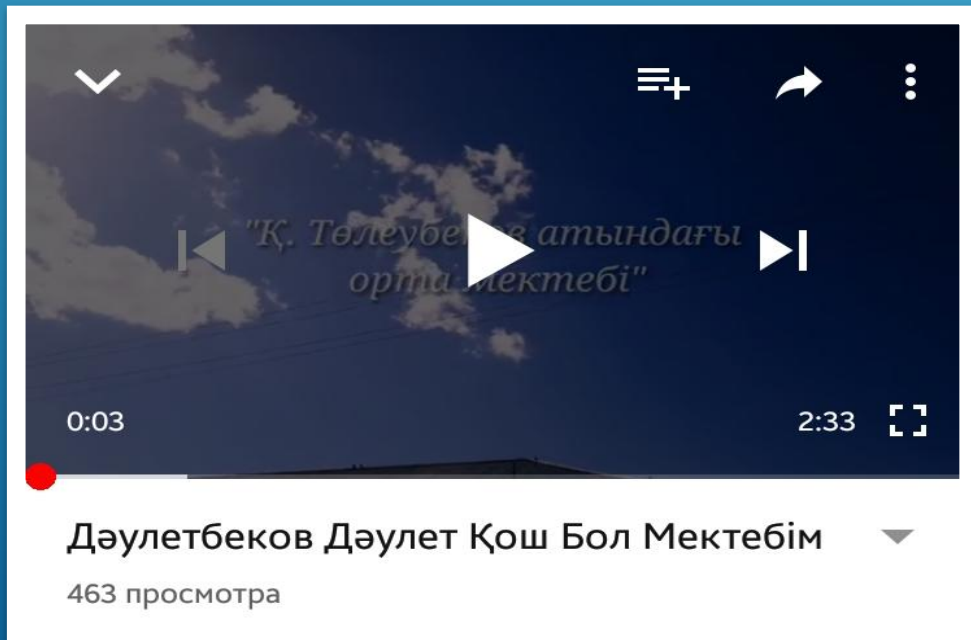

- One of my favorite instruments is the piano. I can not play the piano anymore. But I also want so study in the future.
- I can play on this instrument, but still want to learn to play as a professional musician.

I sometimes want to be a singer. Because, I sing in my free time, and I write songs myself in my own recording studio. Sometimes, my singing friends come to my studio and ask me to write a song

- I currently have many songs from my studio. And I also have songs dedicated to my school and my birthplace. I also recorded a audio clips for these two songs. You can watch these videos on the You Tube network and on other sites.

- *One more big interest in football. Football os life. I play football since childhood. I participated in many competitions and took prize-winning places.*

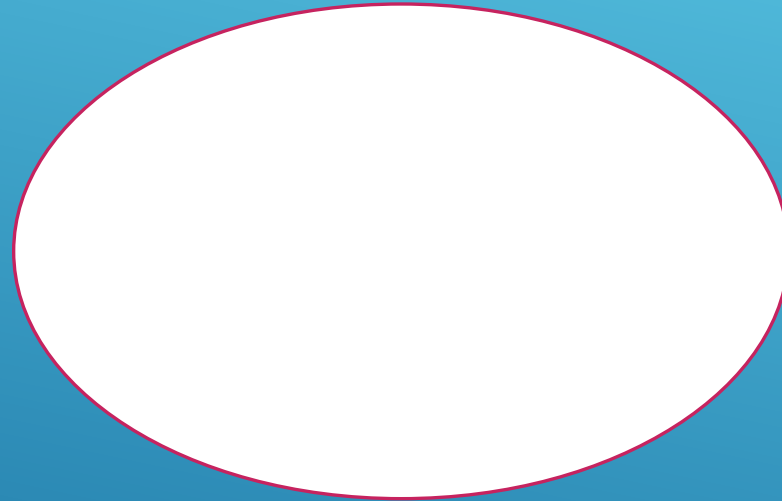

Justify my
parents' expectations

To be a good
profession

To be the best
football player

Good study of
the subject

To open my own
recording studio

Honestly serving my
country

Write high
quality songs

Thank you for your attention
