아이! 깨끗해 Aikekute foam body

The dryness after shower.

Do you rub hard with a scrub with a towel during shower?
If skin is rubbed with towel or sponge the keratin

becomes damaged and it becomes easy for moisture to evaporate.

Rub the soft and elastic bubbles on skin using your hand!

Using mild and moist Oh, so clean! Bubble Bubble,

Bubble shower, start a new bathing habit for your family! .

Rich and sticky bubble

Fun shower begins with the rich and tight fresh cream cushion bubbles on your palm ~

For grown ups:
3-4 pumps clean the entire body

Moisturizing shower using hands

By minimizing stimulation by soft rubbing of the hand, it is easy on your skin. Not only that, by preventing evaporation of moisture and adding rich moisture you can feel the moistness even after the shower.

양치 마지막 순간까지 치약을 놓치지 않고 전달 해 주는

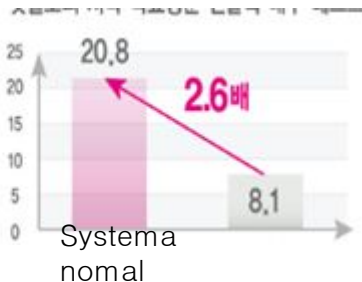

시스테마 시린이 칫솔

Systema Toothbrush Hypersensitivity.

That delivers the toothpaste until the last second of toothbrushing

1. Delivers toothpaste 2.6 times

more of toothpaste deliverability of feather bristled toothbrush

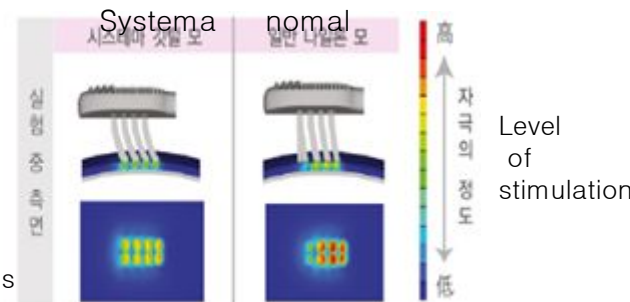

The results of a clinical trial which compared the amount of effective ingredient remaining on teeth after toothbrushing showed that the Systema feather bristles deliver 2.6 times as much toothpaste

2. 23% less stimulating feather bristle toothbrush

Micro-processed bristle ends

Lateral view during test

Our FEM comparative analysis test showed that the level of stimulation delivered inside the mouth was 23% less than the nylon bristles.

3. The plaque removing power of ultra micro bristles

The 0.02mm ultra micro bristles effectively cleans the plaques deep inside and between gum and teeth thereby effectively preventing sensitive teeth.
