My favorite book is «A walk to remember» written by Nicholas Sparks

Nicholas Charles Sparks is an American novelist, screenwriter, and philanthropist. He has published twenty one novels and two non-fiction books, all of which have been New York Times bestsellers, with over 115 million copies sold worldwide in more than 50 languages.

«A walk to remember»

The book was published in October 1999 and immediately became a favorite book among teenagers.

The book is set in the city of Beaufort. Every year the protagonist of the novel Landon Carter comes to these parts to reminisce about his first love.

A Walk to Love is a story of mutual understanding and warmth that arose in his youth as the scion of wealthy parents Landon Carter and the quiet daughter of local parish pastor Jamie Sullivan.

The book is about sadness and joy, happiness and tragedy. Such a feeling can appear in a person only once in a lifetime and change his fate forever.

We can say that this is a typical melodrama in which the beloved cannot be together, but it is these books that teach us selflessness and sincere love

Landon does a bad deed and gets punished by the teacher. He has to clean the school every day, help students and participate in the theater. Jamey and Landon never got along and argued, however, spending time together, their feelings have changed, but they can not admit it for a long time. Their relationship developed rapidly and was filled with happiness, until one bad day

...

Jamie found out her diagnosis, but she did not tell Landon about it ... Their relationship deteriorated greatly and they began to quarrel. But after thinking for a long time Landon in a short period of time, he fulfills all her dreams, even married her ... However, there is no happy end, and Jamie died.

The book is written very soulfully, as Nicholas Sparks made a prototype of his sister, who also died of cancer.

My conclusion

The book was read by me at the age of 13, and at 16 I watched a film based on the book. This story reminded me that time is fleeting, that a person can disappear at any moment and we need to appreciate the moments with him. No need to waste time fighting, it's better to apologize.
