Activities of the TSNUK in the Creation of QA System at the University and National Level

The TSNUK received from the MES of Ukraine Act agreeing a list of specialties and licensed volume and the possibility of training in HE for the EP that are initiated by the TSNUK, with the subsequent accreditation of EP at the NAQAHE

It provides opportunities for design and implementation of EP at the TSNUK

Increasing responsibility for the TSNUK:

- all financial risks;

- occupancy program students graduate;

- employment potential problems;

- possibility of passing the accreditation of these programs in Ukraine (NAQAHE -?, unknown rules) and abroad.

The recognition of diplomas issued by the TSNUK is an exclusive area of responsibility

TSNUK of immediate measures should be:

- development and approval procedure for formation of new EP;

- the inclusion of new provisions on the organization of educational process controls monitoring EP and complex procedures for evaluation of participants of educational activities;

- establishing liability initiators and providers of EP for their results;

- creating a system of effective management EP;

- implementation of a pilot project to pass the accreditation process of one (or more) of EP accredited TSNUK in the EHE accreditation agencies.

Activities of the TSNUK in the Creation of QA System at the University and National Level

Dialogue on Accreditation with:

- Institute accreditation, certification and quality assurance ACQUIN (Germany)

- University of Konstanz initiated Scientific Center of the Educational Process and the Conference of Rectors of Germany supported the joint project "Quality Assurance in Higher Education and the Development of Educational Programs."

- European Training Foundation (ETF),

- The TSNUK, as a recognized leader of higher education in Ukraine is actively involved in the work of the newly created Scientific and Methodical Council MES of Ukraine and its Scientific and Methodological Committees /Subcommittees

 - Realization of Align Project

Activities of the TSNUK in the Creation of QA System at the University and National Level

- The TSNUK in the 2016/2017 academic year and the next primary accreditation specialties junior specialists, bachelors, masters (in areas and specialties of the lists 2006, 2007 and 2010) are implemented by the MES of Ukraine. (NAQAHE -?),

- The TSNUK prepared the case for accreditation specialties junior specialists, bachelors, masters and within the existing system at the TSNUK at the beginning of 2015/2016 year was the approval of 47 majors passports

Improving the quality of methodology of the educational process

- Adaptation TSNUK guidance documents to the Law "On Higher Education" and the New Charter of the TSNUK

 For example:

  "On the procedure of assessment of student learning";

  "The formation of Educational Programs";

  "On implementation of the student of their right to choice of subjects".

The TSNUK implemented and introduced Information System "Triton"

A repository of electronic documents supporting its work by specialists TSNUK Scientific Library;

The software for creating e-learning courses

Advertising QUAERE Project at the TSNUK administration and community

- Informing the Rector and Vice-Rectors about actuality, goals and TSNUK Project team

- TSNUK Administration strong support QUARE Project activity and they understand the importance of the project for the University and National level

- For high-quality Projects in the University was created a Web-platform which will link posted QUAERE Project page

http://tempus.univ.kiev.ua/

At the TSNUK Web-site contains information about the start of the QUEARE Project in the University and the formation of Project Team

http://univ.kiev.ua/news/7359

BUILDING AN EDUCATIONAL BRIDGE BETWEEN EU AND UKRAINE

TSNUK is open for collaborations
