legal information"**

**The State Legal Statistics**

B.A. Amanzholova

## *The state legal statistics*

**The state legal statistics** is a branch of the state statistics, based on the centralized system of departmental accounts in the penal, civil, administrative and legal scopes.

## *Legal statistics*

Legal statistics is one of the branches of statistical science. It displays the quantitative side of various social phenomena, which associated with the implementation of legal liability, characterizes the level, structure, dynamics causes of offenses.

Using the data of legal statistics, we can also describe the activities of internal affairs agencies, prosecutors, court officials, correctional labor institutions, economic courts, notaries and others.

*There are several types of legal statistics.*

- civil statistics
- penal statistics
- administrative and legal statistics

## *Civil statistics*

**Civil statistics** – a branch of the state legal statistics on the state of civil relations, civil proceedings and enforcement proceedings in the civil scope.

## *Penal statistics*

**Penal statistics** – a branch of the state legal statistics on the state of criminality, criminal proceedings, enforcement proceedings in the penal scope, application of punishment and other measures of penal influence for commission of criminal infractions.

## *Administrative and legal statistics*

**Administrative and legal statistics** – a branch of the state legal statistics on the state of administrative infractions and legal proceedings on administrative infractions.

The legislation of the Republic of Kazakhstan on the state legal statistics shall be based on **the Constitution of the Republic of Kazakhstan**, consist of the **Law of the Republic of Kazakhstan dated 22 December, 2003 No.510 “On the State Legal Statistics and Special Accounts”** and other regulatory legal acts of the Republic of Kazakhstan.

Persons, guilty in violation of the legislation of the Republic of Kazakhstan on the state legal statistics and special accounts shall bear responsibility in the manner established by the Laws of the Republic of Kazakhstan.

## *The subject of the state legal statistics*

**The subject of the state legal statistics** shall be the quantitative part of the mass legal or other legally significant events and processes in the particular conditions of place and time for the purposes of revelation of their qualitative peculiarity, trends and regularity of development.

The subject of special accounts shall be documented information, characterizing a set of mass legal or other legally significant events by statistical observation.

## *Basic tasks of the state legal statistic*

- effective and sufficient information support of the state bodies, individuals and legal entities on the state of legality and legal order in country on the basis of unified statistical principles and standards.
- improvement and development of the state legal statistical information system.

*The state legal statistics shall be carried out on the principles of:*

- ◆ unity of management of the state legal statistical information system;
- ◆ integrity, objectivity, sufficiency, stability and legal compatibility of legal statistical information;
- ◆ accessibility and openness of legal statistical information within the limits established by the legislation of the Republic of Kazakhstan;
- ◆ strict observance of rights and legal interests of person and citizen, legal entities and the state.

*Committee for Legal Statistics and Special Accounts of the  
State Office of Public Prosecutor of the Republic of  
Kazakhstan*

Activity of Committee is regulated by Laws RK “On State Legal Statistics and Special Accounts”, “On Office of Public Prosecutor”, Regulation “On Committee on Legal Statistics and Special Accounts of State Office of Public Prosecutor RK”, and also other normative-legal acts.

Primary objectives of Committee for Legal Statistics and Special Accounts of the State Office of Public Prosecutor of the Republic of Kazakhstan and its territorial divisions (regional Administrations) is forming and providing reliability of the state legal statistical information; providing observance of rights and freedom of citizens, legitimate interests of citizens, legal persons and the state at formation of legal statistics and conducting of special accounts.

Subjects of legal statistics and special accounts are law-machinery, judicial and other state agencies which according to the legislation of the Republic of Kazakhstan give the legal statistical information to authorized agency, i.e. to Committee and its territorial Administrations, for the purposes of the state legal statistics, conducting special accounts, studying and analysis of documentary information applied in criminally-legal, civil, administrative spheres.

▣ *Subjects of legal statistics and special accounts shall be obliged to:*

- ✓ present information and accounting documents, other necessary materials and details to the authorized body in the manner, within the limits, volumes and terms, which are established by the authorized body;
