

Direct connect with filter

PP fibre filter: filtering sand, rust, mud, sediment, etc in water

Carbon filter: completely removing bad smell in water

PP composite structural filter: Keeping water fresh

Reverse Osmosis filter: filtering germ, virus, corpuscule, other solute and chemical from tap water processing.

- Hot, normal and cold water
- Child safety lock
- Compressor cooling
- Stainless steel tank
- Overheat protection
- Stainless steel decorative cover
- 4 Filters: PP + CARBON + PP + RO
- Hot water capacity: heating 5L/h ($\geq 90^{\circ}\text{C}$)
- Cold water capacity: cooling 2/h ($\leq 10^{\circ}\text{C}$)
- Input heating power: 420W
- Input cooling power: 100W
- Product size: 310*357*1086mm
- Qty/40HQ: 405pcs
- Promotion price **\$99**/pc
- S/S door add **\$3.5**

- 3 Water outlets: hot, normal & cold water
- Child safety lock
- Compressor cooling
- Stainless steel tank
- Overheat protection
- Minimalist design
- Stainless steel decorative cover
- 4 Filters: PP + CARBON + PP + RO
- Hot water capacity: heating 5L/h ($\geq 90^{\circ}\text{C}$)
- Cold water capacity: cooling 2/h ($\leq 10^{\circ}\text{C}$)
- Input heating power: 420W
- Input cooling power: 100W
- Product size: 310*357*1086mm
- Qty/40HQ: 405pcs
- Promotion price **\$105/pc**

Filtration System
